Heritage Truck and Vehicle Display at Lardner Park

# President's Report

Well, the first month of the new year has been and gone and everything is almost back to normal.

The Heritage Truck and Vehicle Display at Lardner was a great success, even though the Saturday weather could not have been worse for February - very wet and cold. Sunday more than made up for it though, with a lot of people through the gate. At this stage it appears that financially we have made a surplus, just not sure as to the amount. It was however a little disappointing to see so few of our cars there. The ratio of truck club to car club members in attendance was 70/30 which was a little embarrassing. We will be holding the event next year and hope to have more members there. Congratulations to the organising committee who did so much in a relatively short space of time.

The club run last Sunday was also poorly attended with our club being outnumbered by the Studebaker club. Wayne and his team from the pistol club are to be commended as the setup of the trailer took some time and everyone in attendance had a great time firing the air pistols with a few good marksmen in the club.

Lastly, condolences from the club to the Roots family on the passing of Charlie, who was an active member in the past and will be missed.

# Australia Day Celebrations

Thursday 26 January

## Longwarry

It was cool and wet to start with, not looking good. But after an hour or so the weather cleared up to make for a great get together. Vehicles from all over the place arrived, a great variety to be seen.

Devonshire tea or coffee, scones and cream put on by local CFA for participants. BBQ snags cooked up by the Lions Club. The Aussie flag was raised, lots of talking between us car buffs.

Two stationery engines were banging away in the background thanks to Ken and Ross. The car that the general public would like to take home vote was a dead heat between the two Waynes (Henry and Roots) - can you believe an old Studebaker and an A Model Ford.

Many thanks to the Longwarry mob for hosting a great event.

# Ride to National Motor Museum, Birdwood SA

Friday 17 - Sunday 20 February

On Friday afternoon I started a long ride to Birdwood SA to visit the National Motor Museum.

The days were hot, with head winds making the trip tedious. First night was Nhill, getting up at 7am. The roads were rough but saw several old cars on the way.

After a visit to the museum on Saturday, I headed for home Saturday afternoon reaching Kaniva at 7pm. Sunday morning up at 7 and started back to Warragul.

# It's a pulley, not a flywheel!

We do not have a new club asset article this month, with all efforts having gone into organising the Heritage Truck and Vehicle Display.

However I would like to issue an apology for a major error in last month's article – the large wheel at the front of our club shed is of course a pulley, not a flywheel. Thank you to the members who pointed this out.

A clear lesson that we shouldn't be relying on the editor to compile content from old articles, and need to get information direct from members. If you have the story of any club assets in your archives (or head!), please 'put pen to paper' so that we can share with our wider member base and community.

## For Sale & Wanted

Advertising of items for sale or wanted can be placed for free by members. Advertisements will run for three (3) consecutive issues unless the editor is notified that the item has been sold or is requested to continue the advert. Please forward details and photos to the editor, either by email ([editor@bawbawvintage.com](mailto:editor@bawbawvintage.com)) or in person to any committee member. A price and registration number (or VIN/chassis number) must be provided for all vehicles.

### For Sale
