Club run to Lakeside Antique Machinery Museum

[bawbawvintage.com](http://bawbawvintage.com)

# President's Report

Thankfully the weather is starting to improve and maybe we will be able to get our treasures out of the shed and have some fun.

For those who missed out on our September run, you missed a great day. The trip to the Lakeside Antique Machinery Museum was fantastic with great weather and a very good collection, something for everyone. Our thanks to Rob and Carol for organising the day and the Coleman family and steam guys for putting it on for us.

We have a busy weekend or two coming up, with the Federation meeting at our shed on Saturday 19 October and the Baw Baw Picnic on the 20th. We will need some club members to help on the 19th as we need to provide lunch and arvo tea. However the committee has decided we will purchase the food in ready-made, so the only thing we may ask for is some slices etc. for afternoon tea. With our membership aging we thought that the best way to do the catering was to buy in ready-made sandwiches and maybe soup.

On the 20th the picnic day is on, which will be a more casual day with the club providing tea and coffee and selling some drinks and sausage in bread, so we will need some help with that.

On the Sunday after the monthly meeting (13 October), we will have a short working bee to prepare the inside of the shed for our visitors. Volunteers appreciated from 9am onwards.

President Ross

# Federation Report

Mildura, August 2024

After a few trains and a coach, I arrived in Mildura and went to the Mildura meeting where the President welcomed us all.

The picnics are Aug 25th at Marong, October 20th at Baw Baw, Mortlake is on 30th March, Wunghnu is on 29th and 30th March, Scoresby is in May, and Murrabit is the 18th May 2025

Golden Oldies tour is done and dusted as you read this.

Peter Mac Fundraiser is still on. With over \$4015.00 given so far.

The swap is progressing, and the volunteer form has been sent back. There are a few vacant sites still. FJ Café is only being used as a place to sit. No food selling as it is not up to scratch.

Applications only came in from NSW and Qld for the Robert Shannon trust.

AHMF are checking with the University in ACT to gauge how much fossil fuel will be used from 2030 onwards. Hope you filled out the questionnaire.

Joint meetings with AOMC discussed a number of matters re the CPS then they met with VicRoads and Dept of Transport to discuss these. If members are getting incorrect dates or late renewals, please let me know. They did raise the point of making the system simpler for those with several cars. I am allowed to apply for a copy of the club list once a year from VicRoads now.

Tax on clubs has been extended from October to March 31st next year to get the forms in.

There will be an open tour (all historic vehicles) in 2025 Leaving from Marong and going to Horsham and spend 5 nights touring the local museums and collections.

The AGM was also held and the committee remains the same. There are two delegates to attend swap meetings instead of one. The Federation meetings are Feb 8th Baccus Marsh, May 17th Barham, August 2nd Swan Hill and October 18th Bendigo MC Club.

Don't forget we host the next Federation Meeting on 19th October. I hope some of you can bring your vehicles engines etc for display and help with the parking and catering.

Lorraine

*Further details on the upcoming Federation meeting on Saturday 19 October are available on page 6.*

## PAST EVENTS

# Club Run to Lakeside Antique Machinery Museum

Sunday 15 September

After a couple of weeks of cold and miserable weather, we ordered a nice warm sunny day for Sunday 15<sup>th</sup>.

With the order fulfilled, we left the clubrooms at Darnum at 9.30am and travelled to Heyfield. After a coffee and toilet stop, we travelled onto the Lakeside Antique Machinery Museum, arriving at 11am.

We were greeted by Peter and Sharon and the steam boys. We were given an introduction and description to the museum, and then escorted by Peter through the museum.

What a wonderful display. Steam boilers fired up with all of the engines and steam machinery functioning. Vehicles, tools, blow lamps, chainsaws, cross cut and drag saws, school room, tractors and machinery, stationary engines, motorbikes, books and pictures, and Sharon's floral display and handcrafts to list some of the displays.

Forty people from Baw Baw and the truck club enjoyed a great and relaxing day.

Thanks to the Colemans and steam boys for providing this fantastic live and stationary show.

Rob Tylee

# Movie Night at the Shed

Friday 20 September

It's been a long time coming but we finally organised a Fish 'n' Chip movie night on September 20<sup>th</sup>.

The weather was absolutely foul on the night but we still had a pretty good turnout. Thanks to all those who came along to watch the movie "Ford V Ferrari", a dramatisation of the efforts of Ford Motor Co to develop and race the Ford GT40 with the aim of beating Ferrari at the Le Mans 24 hour.

Most of us would know the name "Shelby" from the Shelby Cobra and Mustang, but I wasn't aware that Carol Shelby was in charge of the development of the racing car which was originally conceived in Great Britain and developed and improved at the headquarters of Shelby America, with the aim to knock Ferrari off the winner's podium, with the whole exercise aimed at improving Ford's market and image. You can still purchase Shelby-enhanced vehicles to this day.

We had a total of 14 members come along, along with two grandsons and a couple from Traf truck Club. We hope that you'll all come along for the next one. Offers of appropriate movies welcome.

Rod.

# Visit to The Depot, Deniliquin

On a recent trip to Echuca, we went to Deniliquin and visited The Depot museum - WOW. If anyone in the club has been there, they will know what I mean. If you haven't, then you should plan a visit. We loved every minute of it. There is even a lift inside to get up to the mezzanine floor level.

There is a full diner next to it where you can sit and have a feed and relax and come and go as much as you want into the museum to see it all.

Doug & Vicki Barratt

# Morning at the Shed

Tuesday 24 September

Once again we had a very productive day. What is said in the group stays in the group.

I loved the items brought for show and tell. Not all of us were inside as it was a lovely day to do a bit of mowing around the shed.

Thank you to all who came look forward to seeing everyone again next month.

Lorraine

## Club Permit Scheme

### New Vehicles

Vehicles built from 1 January 1949 will require a full certificate of roadworthiness to apply for the club permit scheme. For older vehicles, vehicle safety checks for permit issue can be carried out by our safety scrutineers by request. A small fee will be charged and the check will need to be booked in advance.

*Safety Scrutineers:* Rod Boreham 0412 070 303 or Wayne Henry 0409 252 258

### Permit Renewal

Upon renewal, please photocopy your renewal form for club records and ensure the club has hard copy photographs of your vehicle. Required date stamped photos are:

- front
- rear
- driving position (side on, door open)
- passenger side
- driver side
- body and engine number stampings and plates

Permit registration renewals are to be signed by club signatories at club meetings only. Please do not approach them at their workplace or home, except in a pre-arranged emergency situation.

*Club Signatories:* Ross Watson or Rod Boreham (club meetings only)

Please remember that club permit holders must always remain financial members of the club. Yearly membership fees need to be received no later than June 30.
