## *The President's Piece - notes from a big country*

Greetings All,

Hope you've all enjoyed a happy Easter. What ideal conditions for drives into the countryside. Now it's almost time to turn over another page in our calendars.

There was good attendance at our AGM, which saw the reinstatement of the committee.

There is still an urgent need for a Tinker Day Coordinator, and for volunteers to set up chairs before our meeting each month.

We also still need anyone who can spare a few hours to be involved with the Swap Meet. Please contact Murray Foran on 0409 841 700.

Thanks David Mitchell for your continued efforts in pulling together this major event.

We wish you all well as the next month rolls around, and will catch up again when we return from our next travel adventure in June.

Happy motoring,

John.

## **Your 2025-26 Committee**

The committee was re-elected unopposed at the AGM.

Members are (R-L)

David Mitchell (Immediate Past President); Gus Shea; Ken Parry; Fred Harris (Sec.); John Bailey (Pres.); Barb van Galen (V/Pres.); Maurice Healey (Treas.); and Anne De Bono.

Front: Col Jordan & Jon Breedveld.

Inset (not present at the AGM)

Graeme Anderson; Simon Anderson; and James Park.

# President's Report to the 2025 AGM

## ***A reflection on the year that's been.***

I'll begin by thanking the committee members for their continued, tireless work that enables our club to operate so successfully. To Barb, who as vice president has stepped in to take over in my absences; to Maurice who keeps our finances so capably in order; and Fred for his secretarial work.

Sincere thanks for the task that never sleeps; to Gus, who completes all the red plate registrations. He has processed 31 new red plate registrations this past year as well as dealing with the ongoing registration renewals.

A special thanks to Max McKenzie for setting up and cleaning our clubrooms in preparation for our meetings. Max has done this for decades and it's time someone else stepped up to give him a break.

To Jack Thomas who maintains our golf carts in readiness for a swap meets. To David Perkins for attending meetings and reporting on Federation matters.

We all enjoy receiving our copy of Backfire each month, expertly edited by Jon Breedveld, and of course the helpers who fold the magazines ready for posting. Jon is wishing to retire at the end of the coming year and is hopeful that someone will be prepared to take on this task. Thanks so much Jon.

Lyn and Col Jordan have done a wonderful job researching and leading a very successful Long Distance Rally. Thanks so much for providing another happy motoring experience. Lyn and Col also plan the coffee runs – always delicious and chatty occasions.

Thanks to Ken and Jenny Parry for leading us on fun drives to a wide range of interesting spots: always pleasurable drives.

And to Sharyn for rounding up diners for the monthly Dine Outs. So many opportunities to get together socially.

This past year the Ladies Day was planned and led by Anne De Bono. Ladies enjoyed a tour of the Geelong Library, followed by a delicious lunch at the Davidson. Well done and thanks. We are looking forward to the next one!

How could the club function without Pam and her team who plan and deliver refreshments for so many occasions? Huge efforts like a Devonshire tea is at the Swap Meet and the Christmas dinner are memorable. Also those who take on all the work associated with the barbecues and festive Christmas picnic. Then there's Murray and team who do that hot and sweaty barbecuing and clean up. Amazing!

Thanks to Peter Telfer for planning and leading tech nights – well attended and appreciated by many.

Dallas has done a wonderful job again planning Tinker Days. He has retired from this position and would like to hear from anybody who could take this on. Thanks for all you've done Dallas.

We have had 12 new members sign up this year, bringing memberships to 285 and leaving 25 vacancies.

It's exciting to have fresh input of thinking and new ideas.

Finally, excitement is building again and plan is well underway for this year's Swap Meet. David Mitchell is leading a team of volunteers all set to go. This is an enormous task for which we are very grateful to David and all involved. All the best for another successful swap in May.

David is also instrumental in bringing a live show to our stage called "Garage Girls", held in partnership with the MG Car Club. Lots of workers gone into planning so please put your names down if you wish to attend (seats are limited). Thanks David.

Finally it's an enormous thanks to all you members who make this club vibrant and successful: without your enthusiastic involvement in the wide range of activities offered it can cannot continue to flourish.

Very best wishes for the year ahead.

Thanks for your support.

John

## Secretary's Report to the 2025 AGM

After our annual meeting we had a new president at the helm in Jon Bailey, with Barb van Galen as vice president and two new members on the committee – Anne De Bono and James Park.

We started off with our annual Anzac Day barbecue at Barwon Heads, which is always well attended.

Then again our very successful Swap, which was headed by David Mitchell and his helpers. A great event.

There have been many and various events over the last 12 months: too numerous to mention.

I would like to thank John Bailey, Barb van Galen and Maurice Healy for their commitment as office bearers, and also the committee for volunteering their time to run the club.

I personally think two positions that require a lot of hours of dedication and go unrecognised are our treasurer and editor – wonderful job guys.

There are many other volunteers in our club who all do great work in other areas – thanks also.

We have a club that has one of the lowest membership fees going. We have free vouchers at every rally, barbecues, Christmas break-ups, suppers, subsidised events and all of this and more – all due to our very successful swaps. Our swap is possibly one of the best and better-run ones around, and requires volunteers to run it for about a two hour shift, and we just managed to get enough. Please think about what this club offers for just a couple of hours.

Looking forward to 10 May.

Thank you

Fred Harris

Meet Alice Anderson. Mechanic. Trailblazer. Entrepreneur. A rollicking ride through 1920s Melbourne! Its 1920s Melbourne-the advent of the motorcar! Society reels from the aftermath of war and a second wave of Spanish flu wreaks havoc on the streets. Meanwhile, one small woman defies convention and makes her mark. 'Garage Girls' shines a light on Alice Anderson's short but eventful life. Why did she drive her Austin all the way to Alice Springs? Who were all those women, dressed in greasy dungarees... and don't they look a little bit like men? Sparked by historical events, with many colorful characters played by five actors, 'Garage Girls' is a rip-roaring ride celebrating a Victorian icon.

## March Tech Night

The March Tech Night topics of "Lights" was enjoyed by a good turn out, who engaged in some illuminating discussion and reflected on the exhibits brought along by others.

## Extended Coffee Run

After the 6 March coffee run to Anglesea, some members went on to visit the Calvary Cordelia Grove aged care facility, and show off their cars to the residents. Here are a few of the well-appreciated vehicles. *(Photos: Adrian Van Der Lee)*

### Disabled Parking

A gentle request to leave 3-4 parking spaces on the grass immediately beside the front door, for members who find it harder to get around. Thank you.

## April Feature Vehicle - 1977 Ford F100

Brian Woodman's 1977 F100 truck presented a unique problem when we tried to put it in the garage as the April meeting feature car – it wouldn't fit! It almost did, but the wing mirrors on the doors made it just too wide.

So the garage door was left open and members stepped outside to view the restored beauty.

Brian said he had always wanted one but couldn't afford the asking price of a restored example.

In 2017 he started looking for a project car to do up. He found this example in Howlong NSW, on the Murray, 28 kms west of Albury.

The vehicle started life in the local council fleet and had several local owners before Brian, who is its fifth owner, bought it from Howlong Panels. He described it as an honest

truck with no rust but several paint shades. Since then Brian has done extensive restorations, including replacing the original 6-cylinder motor with a 351 and adding power steering.

A while back he took the restored vehicle back to Howlong and he previous owners gave him its original handbook and paperwork.

His wife once described the restoration as "a money pit". "No it's not", he replied, "It's a black hole!"

## Letters to the Editor

### Tinker Days

I can't believe this. In our club of about 300 members we have no one to run Tinker Days.

Admittedly we are all so much older, but thanks to Colin & Lyn for the coffee runs, and Ken & Jenny for outings, we do get together and use our old vehicles. Many older members have been involved with organising such events and are not able to now.

We have had so many interesting Tinker Days, so come on youngsters, help us, and give the old girls a run!!!

## MG Museum Opening

Ray & Barb van Galen and David & Libby Mitchell represented our club at the recent opening of the new M G Club Museum in Belmont. WDHVC member, Tim Christie also attended in his role as the president of the Morris car club of Victoria. Both Ray and Tim provided reports and photos of the event, which I have combined in this story.

- Ed

We were invited to the opening event of the MG Car Club Museum of the Marque as representatives of our respective clubs. After being directed by marshals into a car park across from the museum in Curtis Street Belmont, we were greeted with a hot coffee and morning tea, before proceedings got underway at 10.30am.

A Geelong M G Club spokesperson introduced guests and speakers and the owners of the museum. He gave a verbal presentation of the history of the museum and the collection's previous home in Moolap.

After the speeches, the Patron of the Geelong M G Car Club, Dennis Walter, cut a ribbon and declared the museum officially open.

The ceremony was attended by a huge crowd of MG owners and friends, who were told of the wonderful work, done by a lot of people to get the museum to this stage. The opening was done in style. We then went inside to have a look at what can be done with the right people and lots of motivation.

The Abikair family and MG Club representatives at the museum opening.

All the cars in the museum are owned by father and son, Ray and John Abikhair. About 40 magnificent vehicles are there at present, ranging from a 1914 Morris Oxford to the very earliest to the latest MGs. The restorations of these machines are of the very highest quality, and they have been kept in fantastic condition ever since.

Ray commented: "I had no idea that the MG Company made such large cars and many body shapes as well as the sporty jobs. It is well worth a look as you may not have seen some of these cars before."

Barb's favorite the 1938 MG WA Saloon.

"Barb's personal favourite MG was the beautiful 1939 MG WA Saloon, of which there are only four in the whole of Australia."

Tim said: "Well readers, what a display: certainly a great collection to be seen by all clubs throughout Victoria over coming years. A credit to Ray & John Abikhair and their friends."

## VALE - GWEN TUCKER 18 July 1942 - 13 April 2025

We sadly mourn the passing of Gwen who has been a valued member of this Club since its foundation.

Gwen was the fourth of five children. Her brother John Smith is a member and Past President of our Club, and son Darryn is also a member.

Max and Gwen were soulmates and have been married for 62 years, living in a house they built in Herne Hill.

Gwen liked to spend time in the garden and she had a particular interest in growing roses – her favourite flower. She was a caring person with concern for others. She enjoyed holidaying, particularly with the family at Anglesea. Earlier this year Gwen, Max and the family enjoyed a cruise to Vanuatu.

The W.D.H.V.C. has been a vital part of their social life and both Gwen and Max have been very much involved with Club activities over the years, too numerous to summarise. Gwen and Max have always been ready to step up when the Club needed something done, and to their credit they

were both very conscientious, and could be totally relied on to carry out any task required. They have been part of the "heart and soul" of this Club, which has been so much the better for their support, assistance and involvement.

For example, an extract from the August 1984 "Backfire" reads –

*"The W.D.H.V.C. has received on 26<sup>th</sup> July 1984, notification that we are now an incorporated body. This is a milestone in the Club's history and the appreciation of all members goes to **Max and Gwen Tucker** who have shouldered the major portion of the work that was required in the preparation."*

This was typical of Gwen and Max's involvement with the W.D.H.V.C. over many years. They simply and reliably helped where needed, in so many facets of the Club's activities.

We will miss Gwen's pleasant and quiet demeanour. We will miss her attendance at Club events, but we will cherish the memories of the great times we have had with our Club "family". Gwen was truly a gracious lady.

We extend our deepest sympathy to Max, Karen (dec), Fiona, Catrina, Darryn, Rowan and families, and particularly to Gwen's cherished grandchildren.

### GEELONG BAY CITY SWAP MEET 10 MAY 2025 - VOLUNTEERS REQUIRED!!!

The Swap Meet is nearly here and Murray is still looking for a few more helpers to fill out the roster. The event is an important one for our Club, and for the community, but it relies on the generous support of our many volunteers, who give their time in the lead up to, and on the day.

Give it some thought - it's a fun, social occasion. It's not too late to register your interest with Murray Foran on 0409 841 700.
