President's Report

Welcome Members,

The year seems to be flying by and it's April already. The Easter Rally is getting closer. We have 80 entrants which is fantastic. We are still looking for sponsors for the Rally to make it one of the best for our 25th.

The events have been well attended for the last month. It is good to see that members are getting out and about.

The step will not be fixed by Council before Easter. We will have a working bee before the Rally.

Did you know?

It takes ½ ounce of fuel to start a car but it takes 2.7 cups of coffee for a human to get started

Air bags move at a speed of up to 4,500mph and deploy within 40 milliseconds of a collision

An average car contains over 30,000 parts

Traffic congestion wastes about 3 billion gallons of fuel each year

Hope all members have a happy and safe Easter,
That's all for now, Happy Motoring, Graeme

Important for Members with NSW registered vehicles.

The paperwork for NSW club registration can only be signed by the club members au-
thorised by the NSW authorities

These members are Bob Jones and Robert Rigby.

Please do not get your paperwork signed by those not authorised to do so.

The Suggestion Box!

In line with the idea brought up in the last committee meeting, members are welcome to put forward suggestions relating to any aspect of the club such as activities to do or places for runs.

Suggestions can be left in the box provided at the club rooms.

Services Guide:

John Van Der Zweep has suggested we include a services guide listing places where members can go to for some of those hard to source parts or services. If anyone has had a great experience, you could forward the details to include them in this list.

Life in Bali—what I observed over there recently!

Jo, myself and our two daughters just did a couple of weeks in Bali. From a vehicle owners perspective it was an interesting place to visit, especially as I hadn't been there since 1997!

Above Left: I was curious to see if my phone's speedo app would work in the plane, it did! We flew for four hours and had only just made it to Broome WA! The flight was only another hour and a bit after this. We flew Jetstar, a nice new Airbus A321

Above: Most people ride scooters, around the 125—150cc size. Helmets are supposed to be worn (about 40% do). Lady passengers with skirts ride side saddle. Three or Four onboard is OK, mum, dad and the kids!

Left: Obeying signs is optional. No parking along this bit of street! This was one of the bigger streets, lots of room on the roadway.

Left: A typical smaller street. Just enough room for a car to get past the parked bikes but required some cooperation if a car was coming the other way. Bikes are allowed to overtake on either side of cars. At intersections, if you can get your nose in first, you go. Being a bigger vehicle helps. All the time we were there, I didn't see any anger, crashes or even scratches on vehicles. The beige tiles are the sidewalk, quite slippery when wet which was quite often while we were there. especially in the second week. You would see a storm coming off the ocean, it would blow and rain sideways for half an hour then clear up. Other times it just bucketed straight down without any wind. The locals don't even measure it. I estimate most downpours would have been half to one inch of rain per half hour.

Left: Both our resorts had staff at the gate. This one even included a mirror check under the car as well. Above: This is a pretty simple power pole set up, a mixture of electricity and Internet. Other poles had more hanging off then than this. I don't know how they know what is what!

Left: Saw a couple of little 4WD's with modified front suspension. It's hard to see in this pic but the front end is jacked up about 40cm above standard for some reason. (To look cool???)

Below: Dog etiquette, your dog has to have a nappy or be in a stroller if indoors. Icon Bali is a new shopping arcade in Sanur where you can buy stuff for the same price as you can here!

Petrol is about \$1 per litre for low octane (about 85) and you can buy it for your scooter in Absolut Vodka bottles on the side of the street. There is 92 octane which is blue and costs a bit more. The unscrupulous can dye the rubbish fuel blue and make a profit selling it as 92! Petrol stations as we know them are far less common than we are used to as most people just buy a bottle full when they need it. This pic also shows you how wide the sidewalks are. You aren't very far from the passing traffic.

Far below is another car/bike park at a market in Ubud

Shed Run Sunday 16th March 2025

A good turn up of members met at the car park at Lock Eleven in Mildura for morning tea of delicious pancakes with jam and cream and tea or coffee, whilst enjoying the cooler weather. We then travelled to Shan and Vicki Downes home where the ladies were led to the quilting room while the guys headed for the garage and workshop to see some interesting cars and motorbikes of different ages.

Most people were envious of how clean and tidy Shane's garage was.

After that everyone headed for Phil and Sue Roeszler's home where we enjoyed a BBQ lunch ending with apple pie and ice cream or cream or both.

Then there was the inspection of Phil's garage and workshop which again were pretty immaculate containing a collection of four Ford Cougar cars of different ages and in pristine condition as well as a large Dodge ute.

I think that Phil had most of us lost with his description of the different sized engines and the fitting of different carbies etc to make these cars perform better.

It was a most enjoyable, interesting and relaxing day. Many thanks to Shane and Vicki and Phil and Sue for their wonderful hospitality.

Casterton Trip:

On Wednesday the 5th of March John and Lee Sandford and I embarked on our annual trip to Casterton for the long weekend. We'd decided to spend a couple of nights at Halls Gap as they have had a devastating summer with fires. Going into Halls Gap from Stawell there is no sign of the fires. We booked into our motel then wandered around town and spent our tourist dollar. Had beautiful ice creams for afternoon tea.

Thursday we went to Ararat to meet up with John's cousin and his wife. On way back we visited Lee's childhood friend at Moyston and saw where Lee lived as a child and spent her first years at school. We were back in Halls Gap for another ice cream and catching up with friendly locals (cockatoos and kangaroos). The birds are very friendly and gentle when you feed them.

Friday we headed for Casterton and just out on the Dunkeld road there was all the evidence of the terrible fires.....nearly all the way to Dunkeld.

We arrived in Casterton just before Peter and Honey from Adelaide, it was so good seeing them again. Friday evening we had dinner at the Bottom Pub where we met up with our Morris Minor friends from Ballarat and Camberwell. Also a few of the local Car Club. We all had a beautiful meal and lots of catching up.

Saturday morning we met at the Shed at 10.30 and headed out to Nareen where we stopped at the hall and Club member Brian O'Connell gave us a talk on the history etc.

This is where Malcolm and Tammie Fraser raised their children.

From there we drove to Sue and Malcolm McClures farm at Tarrayoukan where we were greeted with lovely cool drinks and lunch. Sue gave us a talk on her business on the farm, her passion for natural fibres and local manufacturing. She then took us into her knitting room / workshop to show and demonstrate her knitting machine. What an eye opener. This machine is huge and knits a jumper in just over 28 minutes... and no seams. Very impressive. Sue showed us garments she had made. (and yes, I did buy one). Also there were pictures on the wall which had been done on the machine. Sue only uses 2ply pure merino wool. From there we went to St. Joseph's church at Tarrayoukan where local man spoke of its and the districts history. Our dear friend Irene Hornibrook's parents were married in this church and Irene was christened in it. Back to Casterton and we gathered at 5he shed for beautiful bbq tea, a great evening.

Sunday we left the shed at 11.30 and travelled out to Wanda Vale to watch the sheep dog trials which was great. The Committee put on a lovely lunch then we went into the old football Clubrooms which the late Ross Davidson (C.M.E.C member) had put together. A great display on the history of Wanda Vale. We returned to the shed that evening for a pizza tea, lots of laughs and dodging what we thought was a big storm which didn't eventuate. Pity as they, like everywhere we went really need the rain.

Then said all our farewells and promised we'd return again next year.

Nangiloc Tavern Lunch

Although I was away for this run it looked like there was a great turn up of club members. Sounds like Jan may have been last to get her meal! Thanks to Ken & Tina, Shane and Liz for sending in the following photos.

VIC Permit Scheme Officer's Report: nil

NSW Responsible Person's Report: nil

Property Report: Anne Gleeson has badges for members to collect. Membership cards are also available at the back of the room. Anne has hats, shirts etc available for sale.

Welfare Report: Jan Collins is away in Casterton for their rally so Anne Gleeson spoke on Jan's behalf. Jan thanked members for their good wishes on her Life Membership award. Jan has sent cards to Michelle Harding on the passing of Mal Seymour and to Ken Bennett on the passing of Jenny. A card was sent to Adam Zinich who has been in Melbourne hospital and had a kidney removed. Robert Rigby reported that Adam is now home. Jan sent a card to Judy Bertalli who is on the mend. Jan was pleased to see Alan Downes (accompanied by Shane) on the Ladies Run.

Building Committee: Graeme Skinner reported that the step is still in pieces after the white ants destroyed it. Council are going to repair it. There will be a working bee before Easter to clean and tidy up.

Librarian: Alan Hassett encouraged members to borrow as there are lots of books available including lots of technical information. 1984 to 1988 Wheels Magazines have been donated by Jack McCarthy - ex member.

Historian: Brent Gowers asked members to bring along any old photographs they have. Brent will take a photo so there is no need for him to take them home. Brent also mentioned that he has been looking at both Vic Roads and NSW RTA websites and there were many Club cars out of registration. He encouraged members to keep watch and make sure vehicles are registered.

Publicity: Trevor Combe showed the latest Mildura Living Magazine where Rod Gleeson and his MG are featured. Rod said he was invited to show his car at a photo shoot at Trentham Resort. Trevor will follow up with Mildura Living for publicity for the Easter Rally.

Rally Committee: Carolyn Gowers reported 67 entries to date - entries close on 18th March— all progressing well with venues and sponsorship etc. Carolyn has entry forms available and Rod can accept card payments if anyone would like to enter tonight.

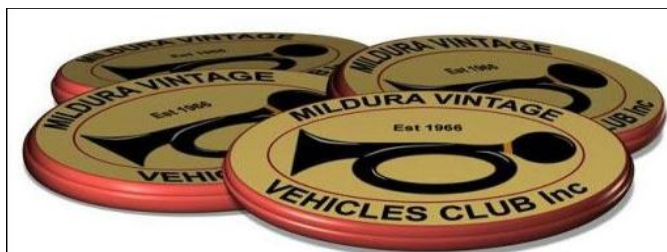

Reports were moved by Kerry Combe. Seconded by Shane Downes. Carried

General Business:

1. Happy birthday to Andrew Hudson.
2. Leonie Lyttleton thanked members for the food and help for Jenny Bennett's funeral and wake. Leonie said it was pleasing to see the members of the Club all come together to help out on such a sad occasion.
3. Leonie Lyttleton said there is a Shark vacuum cleaner on sale at Big W for \$229.
4. Graeme Skinner handed an envelope to Phil Muir - a sash from the Wentworth Show Society for the 2024 Forsters Bulpunga Enterprises Most Popular Vintage Car.
5. Graeme Skinner spoke about number plates in Victoria. If want to keep your old six number plates, it is possible to transfer them to another car. Gerry East had a problem a few years ago where Vic Roads initially wanted him to pay \$20,000 and it took three years of negotiating before it was settled for a smaller fee.
6. SMS messages - Graeme asked members if they thought SMS messages were useful to remind members of upcoming events. The phone is out of action and it makes a lot of work for the Secretary to frequently send SMS messages. A show of hands for and against clearly showed in favour. Comments that SMS often contained more detail than the Bulbhorn. To be discussed at Committee level to decide on best approach.
7. Robert Rigby spoke about Speed Week at Lake Gairdner. Vincent motor bike reached a speed of 180.5mph then removed the fairing for a new national speed record of 172.8mph. A Commodore got a new Australian Record of 290.86mph/466.7kmph.
8. Kevin Morrison is having a shed clean out and donated a bulb horn from an old car to the Club for display.

The raffle was drawn by Graeme Skinner.

Meeting was closed at 8.57pm followed by supper.

If any member past or present has any old photos of club runs, vehicles or members, please let me know. We are looking for photos of interest mainly prior to 2001

There is one requirement though!

I need to know (roughly) when and where the photo was taken, and who is in it. If it is a photo of a vehicle, we need to know which club member owned it.

If you bring your photos to a club meeting, I can copy them there and then and you can take your photo home with you. (I do not need to keep it) or I will accept scanned copies via email provided the required information is attached.

The Photographic history of our club will continue to evolve over time and will be on display at club functions and gatherings where and when convenient.

The purpose of the collection is to display, in a pictorial format, the rich and diverse history of our club for the enjoyment of members, their guests and visitors for many years to come.
