Member Welfare News

Anyone wishing to inform the Club of the welfare of members, or arrangements for members should, in the first instance, contact the acting secretary who will arrange for distribution via the Goldfields Car Club email list. Timely notice would be appreciated.

"GCC Rules"

Goldfields Car Club operates under the updated Model Rules and our club By-laws, as revised from time to time. Jointly, these two documents are referred to as our "Club Rules".

A copy of the "Club Rules" has been provided to all members, either by email, or by mail for those without an email address. It is assumed members would electronically file and/or print these documents for future reference. However, please advise the secretary if you need the Club Rules to be re-emailed to you, or, alternatively request a printed copy from the secretary and it will be issued to you at the next general meeting.

At the AGM held on 5th December 2021, the structure of the Committee was updated, and an update was made to the club's membership rules - that in the future all members are required to attend 3 club events and 3 club meetings each financial year to maintain membership - unless extenuating circumstances apply.

A copy of the updated "Club rules" was distributed to all members on email, and a hard copy has been sent by mail to our 'non-email' members.

"GCC - Club Permit Renewal Process"

Reminder to club-permitted vehicle owners: please action your permit renewals asap after receiving them. Failure to renew your permit means automatic cancellation of that permit, and then a new permit application (including a Roadworthy Certificate) would be required.

Step 1: GCC Permit Officer – Ray Mason:

There are two ways to get your permit renewal signed:

i): Take your permit renewal form to the next club meeting for signing by the Permit Officer before the start of the meeting

OR

ii): As soon as you receive your renewal notice, post it (together with a DL business size envelope - stamped and self-addressed) to the Permit Officer for signing and returning to you so that there will still be plenty of time for you to put it in to VicRoads.

Mailing address: Ray Mason 22 Schroeders Rd Haddon Vic 3351.

Step 2: Vic Roads

Permits can be renewed using one of the methods below:

1. in person at VicRoads Customer Service Centres offices – Covid rules apply
2. by mailing the renewal to VicRoads, GPO Box 1644, Melbourne 3001
3. by paying the renewal Online via your "myVicRoads account"

These renewal processes are described in detail on VicRoads' website. www.vicroads.vic.gov.au

All ideas welcome!!! ... perhaps even a plan or two for extended trips with overnight stays???

On Wednesday November 16th Chris & I drove our rustic "S" series Valiant on board the ferry to Sorrento so as to attend an event that we had been looking forward to for a considerable time, but which turned out to be the worst event I have ever encountered. So horrific was our ("no" my time) attending this event that I can remember very little about the whole time we were in Warragul with our S series Valiant.

I attended the first event which was the meet & greet evening held at the Warragul Trotting track (feeling very healthy) where cars from as far as Queensland and W.A. were lined up along the main straight of the track whilst we were being entertained and enjoying a BBQ meal. The weather was horrible to say the least and I don't think the trotting people were too happy having cars driving on their turf. Fortunately, we were a sensible bunch and there were not many burn outs as we left.

The next morning, I felt distinctly unwell but got up and faced the day which started at the local golf club (this is where I found out that there was a person the night before who had attended the evening with Covid). Today we ended up at Philip Island where there were some very quick motor bikes going around the race track. We got lost a couple of times along the way, but I felt so crook I was not concerned at all. I do have a memory of lunch at a flash hotel in Cowes where our 70 odd R & S vehicles were parked in a line outside the hotel; on display to the public.

My recollections of this weekend are very limited due to the fact I spent most of miserable days in bed in our very lovely top of the range motel room at Warragul.

I cannot remember the exact day we all drove to the wonderful old town of Walhalla. (I would love to take you all there). Even though I felt like POO I really enjoyed my time spent in this interesting little village. It was so easy to imagine of the times past at this place. It is a true authentic place of historic wonderment and told the story of times without modern pressures.

We also had a very pleasant ride on the small gauge railway travelling along a very important at the time creek with actual running water. All in all, a really wonderful day for the healthy and not so healthy.

Both Chris & I missed the important dinner on the Saturday evening and we were at this stage getting anxious to returning to the west side of Port Phillip Bay. We had lost our return ticket for the Ferry across the bay to Queenscliff, but they accepted the paperwork we possessed and across we went, but unable to stay because of the rotten disease we had, so headed straight home to the Durham where I could settle into my own bed and feel as crook as I needed to, with no pressure to be anywhere that I didn't feel like being.

President's Report

Hi everyone, by the time you receive this report Christmas and Boxing Day will have passed.

Dot and I hope you all had an enjoyable time. Coming up to the Festive Season, we were thinking of those who were in isolation.

Hopefully everybody will be fit and well again by the time the President's Picnic and Australia Day Celebrations are due.

Due to a number of our members being down with Covid and all reports were that the disease was rampant in Ballarat, I chose to cancel the December meeting after consultation and weighing up the benefit of holding it against the risk of more members becoming ill – especially so close to Christmas.

Dot and I wish you all a Happy and Prosperous New Year.

Trevor and his team have some very excellent outings planned for our enjoyment.

2023 looks like it will be a very good club year.

President - Peter Rogers

Membership Attendance for Meetings & Events

After being advertised in the Gazette for a number of months prior to the 2021 AGM, the following Notice on Motion was unanimously passed at the AGM held on 5th December 2021, becoming GCC's newest by-law. It is re-printed here for the benefit of all members.

- All club members are required to attend 3 club events and 3 club meetings in each financial year, in order to maintain club membership - unless extenuating circumstances apply.

The new by-law extends the requirement of the previous by-law whereby only applicants applying for club membership needed to attend 3 Club events and 3 Club meetings prior to becoming members. All members are now required to attend 3 Club events and 3 Club meetings in each financial year.

However, Covid impacted the implementation of the new by-law, and attendances were not recorded. When covid restrictions were lifted, the Committee decided to implement the new by-law from 1st July 2022. Since then, attendances at meetings and events have been recorded monthly in the club's data-base, which show that 78% of GCC's member-base have attended some meetings and 82% have attended some events.

It is envisaged that members should, throughout each financial year, be able to attend at least 3 of the 11 scheduled meetings and 3 of the 25 scheduled events.

If you feel that an extenuating circumstance applies to you for part of a particular financial year, please ensure that you submit your request to the committee in writing for consideration as soon as possible after your circumstance becomes apparent.

The new by-law does not apply to attendances at additional functions and events such as the Swap Meeting, Bunnings Sausage Sizzles, assisting at football matches and the Ballarat Cup, etc, although these are recorded for insurance purposes.

A gathering of about ten cars at the Greyhound Club carpark set the scene for an enjoyable afternoon. The leaders for the day were Christine Walker and Merv Key so after the usual meet and chat we headed off west on Whitelaw Avenue.

The initial aim was to dodge the road works at the Delacombe shopping centre roundabout on Smythes Road – this was achieved by heading west to Wiltshire Lane then onto Greenhalges Road. After two kilometres we followed through to Smythes Road and on to Smythesdale.

Here we were to visit a new car themed junkatigue but it was found to only open on weekends. A stroll through a nearby “antique” store satisfied the need. We were then pointed in the direction of Haddon with the destination being the cafe at Avalon Nursery where we enjoyed a cuppa and cake.

I took home some seedlings which one day might give my garden some colour – so far they are happy with their new home and are standing upright – hopefully will produce some flowers when the sun comes out.

Report: Bruce Kerr – 1951 Morris Minor tourer.

Eulogy

To: Ron,
Shelley (Patsy's daughter),
Mark and Suzy (Patsy's brother and sister in law.)

On behalf of the President and Members of the GCC,
we express our sad feelings of the loss of your very dear
Patsy and our very dear friend and club member.

We care deeply that you are travelling the painful path of
her loss and our thoughts are with you.

Be mindful that we are here to do anything at all to support
you anyway we can.

Patsy and Ron joined the GCC in December 2013 and
actively contributed to club activities until health issues
prevented this.

When the time is right for you Ron we will be delighted to see you return and enjoying club activities.

Chris and myself plus other GCC members first met Patsy and Ron through participating in the annual
RACV FLY THE FLAG TOUR and from that a wonderful friendship grew.

For most of us it would never have occurred that the purchase of our first CLUB PLATE VEHICLE was
indeed the first step on the long path of incredible friendships and the making of lifelong friends.

GCC will have the fondest memories of our very dear Patsy.

Eulogy offered at Patsy's funeral service by Stuart Bell on behalf of GCC

How you can lose your driver licence without being aware you've lost it!

This is a true story! (more stories on this topic can be found on the internet)

My friend has been under the care of various medical specialists over the past few years, and has undergone various surgeries, stress tests, etc., some of which were reportable to VicRds who required regular review reports to be sent to them. The specialists complied - emailing reviews to VicRds after his appointments, and all seemed OK ... UNTIL a recent road-side Police check in December 2022.

At 68 years of age and without losing a single demerit point in his 50 years of driving, he was booked for **UNLICENCED** driving. The police check revealed that VicRds had **SUSPENDED** his licence on 7th July 2021, (2.5 years ago) claiming that they had not received a copy of his medical review due in May 2021.

On following this up, my friend's specialists say they emailed it ... VicRds say they never received it ... with VicRds advising that it was the driver's responsibility to ensure that VicRds received the reviews.

He is a farmer living out of town. He cannot drive any vehicle on public roads to his outlying paddocks to attend his stock until he attends court – facing the likelihood of a hefty fine, being barred from driving for a period of time and maybe having to re-sit the driver licence test if it is cancelled by the court.

But that's not all - when his wife drove "their" car to work a day or two later, she was pulled over following a police Number-Plate Recognition check, questioned and underwent additional road-side tests ... all because the NPR check showed that the vehicle was registered to an unlicensed driver.

To safe-guard your licence, ask your medico's / others to copy you into any emails they send to regulatory bodies on your behalf, then PRINT and FILE your copies for future reference (as computers/ phones can fail when you least expect it). If you complete paper forms, copy them before sending to them to VicRds by registered mail, or if you hand deliver them, ask for a receipt.
