Happy 18th Birthday
Baw Baw Old Engine & Auto Club

Lunch Celebrating the Club's 18th Birthday

President's Report

Well once again it is time for our AGM. Please consider if you can help out with the committee.

Planning is well underway for the next show in February next year. We do need to make an effort for this and as many cars as possible need to attend so we are seen to be pulling our weight.

We also need to make a decision at the next meeting on what the club wants to do for a Christmas get together. Options are 1. Go somewhere on a run for a meal, 2. Casserole dinner at the club shed with members bringing something to share, or 3. Join in with the Truck club on the last Sunday of the month and have a combined break up. So please give this a thought.

It is great to see the UFO group going ahead with new attendees each month, please contact Lorraine to find out more.

Lastly, I would like to thank all the members of the committee who have helped with running the club this year, and a special thanks to Evan who puts together a great magazine for us each month.

Committee

The Committee is responsible for managing the club on behalf of and in the best interests of our members. They operate as a team, drawing on the skills and talents of each committee member, working towards common goals that will ensure the club's success.

The Committee consists of office bearers formally elected at the AGM.

President

The President is the leader of the club, essentially a Chief Executive Officer (CEO). They are the chairperson for any general meetings and for any committee meetings.

Regular attendance at general meetings, committee meetings and club activities is crucial. A good working knowledge of a club's constitution and rules is important to enable the President to give guidance.

Other responsibilities of the President include setting goals, monitoring club progress, motivating committee and club members, problem solving, recruitment and representation of the club.

Vice-President

The Vice President is the 'right hand' of the President, responsible for assisting the President in their duties. They relieve the President in all aspects of the club when the President is unavailable, including chairing meetings and representing the club.

The Vice President must be in constant touch with the activities and the policies of the club. They must learn what the duties are of each office bearer and be familiar with all aspects of running the club.

Secretary

The Secretary is the chief administration officer of the club and is the coordinating link between members, committee and outside parties. They are responsible for managing correspondence, preparing meeting agendas and minutes, compiling reports and other tasks set down by relevant Acts and the club's constitution.

The role of Secretary is supported by other positions in the club, including the Membership Secretary.

Treasurer

The Treasurer is the chief financial officer for the club. They are responsible for regularly monitoring revenue and expenditure, the preparation of budgets and reports, and planning the Club's financial future. The Treasurer controls and operates the Club's bank accounts.

Ordinary Members

Ordinary members are members of the committee without holding an office position. Members work together to make decisions and act in the best interests of the club.

Supporting Positions

The committee is supported by positions that perform other duties to ensure the successful running of the club. These positions are not required to be held by nominated committee members, and if they are on committee, do not represent an additional position on the committee beyond the four offices and designated number of ordinary members.

Club Permit Secretary

The Club Permit Secretary is responsible for maintaining a record of member's vehicles on the VicRoads Club Permit Scheme (CPS).

Membership Secretary

The Membership Secretary maintains a membership list of all current members. They are also responsible for managing enquiries and the onboarding of new members.

Editor

The Editor produces the club newsletter *Old News* for distribution to members. The role requires computer use to produce the newsletter and email to members and reciprocal clubs.

Webmaster

The Webmaster administers the club's website and is responsible for ensuring published information is up to date for both members and visitors to the site.

Events Coordinator

The Events Coordinator is responsible for ensuring that the club event calendar is established and reflects the cross-section of member interests. They are not necessarily responsible for coordinating events themselves, but coordinating people to organise, run, and report on club events.

Federation Delegates

As part of our club's membership with the Federation of Veteran, Vintage and Classic Vehicle Clubs, our Federation Delegates attend and report back on quarterly meetings that discuss various items in relation to the Federation's activities.

Master Plan for Club Shed

The joint committee of Baw Baw Old Engine & Auto Club and the Trafalgar Truck Restorers Club have prepared a master plan for proposed enhancements to the club shed.

Any thoughts, other options or ideas are welcomed. Please share your ideas with a member of committee.

View looking towards kitchen (existing location, with new servery window), with adjoining enclosed meeting space (viewpoint marked in plan below)

MASTER PLAN FOR PROPOSED ENHANCEMENTS TO CLUB SHED AS RECOMMENDED BY THE COMBINED COMMITTEES

1. Car park altered to suit disabled parking area. Suggestion three bays?
Parking area to be marked to enhance useability of area.
2. Current disabled toilet to be removed.
3. Toilet block to be created to including full disabled, female and male facilities. Shower enclosure and mechanical services room.
4. Dividing wall at 8m (?) width created with 5 metre opening and sliding doors.
5. Suspended ceiling over meeting and kitchen areas to 3.6m height.
6. Kitchen enhanced/alterd to suit two serving areas with boiling water unit available. Reposition stoves and increase bench space with walls extended to ceiling height.
7. Lining and insulation of internal walls in meeting area. Heating/cooling/ventilation/lighting.

Plan of proposed enclosed meeting space, revised kitchen, and new toilet facilities.

PAST EVENTS

Happy 18th Birthday Baw Baw Old Engine & Auto Club

Sunday 16 July

On Sunday 40 of us members and new members had an enjoyable, relaxing day at the club shed.

We started the day mixing and nattering until lunch time. Everybody brought along main course and sweets, which was laid out as a smorgasbord. A good variety well enjoyed, and food left over.

After lunch we had our meeting.

Afternoon tea we had a birthday cake. Margaret and Laurie lit the candles and we sung happy birthday to ourselves.

A great day had by all. Happy Birthday.

Rob Tylee

UFO projects at the shed

Tuesday 25 July

The weather was a bit on the cool side, but with the heaters on and the urn boiling we had a wonderful get together. There were eight of us there and lots of chatter and lots of advice passed around. It was a very enjoyable day.

We had our usual show and tell session. A nice surprise was a pair of baby booties, knitted by one of our members. Another member showed us a beautiful knitted baby rug. We have some very talented people in our club.

Thank you to all who came, and I hope a few more will be along for our next one too. As you can see it is not all ladies, so if you have a small project to finish then by all means join us for the day. Please share the word among your family and fellow members.

Hope to see you all again next month.
