President's Report

Hi Members ,

Here we are racing through another year. Ken and I had a Federation zoom meeting due to the cost of travelling, feeling a bit like covid times. The Federation are concerned about the effect this will have on the Bendigo swap meeting. Federation are looking for people to volunteer on the gate, if you are going to the swap please consider doing an hour or two as it all helps our club financially.

It was unfortunate that the National Motoring Heritage day was cancelled due to bad weather, you just can't trust that weather man. The rally committee will have had 2 meetings by the time we have our next meeting and events for 2027 rally are progressing nicely. A reminder if you are interested in a badge for our 50th anniversary you need to get your name down so we can order them. We are proposing to have a celebration dinner on 24th of October, hopefully we can get enough members interested to make it worthwhile . Members need to think about nominations for the future committee as the August AGM is approaching fast, nomination forms will be available at the committee table.

Some facts;

The highest mileage in a personal car belongs to Irvin Gordon, who drove over 3,039,122 miles (nearly 4.9 million km) in his 1966 Volvo 1800s. Equivalent to driving around earth 120 times!

The world's most expensive ticket: A Swedish driver was fined a record \$1 million USD for doing 180mph (290 km/h) in a 50 zone. In countries like Switzerland and Finland speeding fines are calculated based on the offender's wealth. He must have been rich.

In 2019 the most common reason for an illuminated check engine light was a problem with the catalytic converter. We experienced that first hand. Keep safe

Happy Motoring

Graeme.

LAKE CULLERRAINE CARAVANNING WEEKEND 2026

It was the weekend of the 14th to 16th of March, and what a great get together we had at Lake Cullerraine! We actually dodged all the 45° days in February and all the rainy days in March. There were 19 members in attendance. Most of the members attending, arrived on Friday and stayed till Monday morning, with a few staying one or two nights. We also had a few members that came out for a drive on Saturday and Sunday.

The lake was off limits due to a blue-green algae bloom, so there was no boating activity on the lake. Andrew, Anika and Jacinta Kynaston came out to spend Sunday with us. The girls brought their pet duck Harry for an outing, which proved entertaining for all.

Brent Gowers

Run to Meringur Pioneer Park

Freshly baked scones, wide variety of Homemade jams topped off with fresh cream. It was worth the drive just for morning tea.

40 plus MVVC Inc members and friends travelled out to the Meringur Pioneer Park to help celebrate the 40th Birthday of its opening.

Several speakers reminisced on the history of the park and the district.

The Millewa district itself having only last year celebrated its 100th Anniversary,

After the formalities and cutting of the Cake groups of visitors were taken on guided tours of the complex.

The morning finished off with picnic lunch under the trees or a quick trip into Werrimull for lunch.

A great day finished off with a drive home seeing the Mallee looking as good as it gets.

If any member past or present has any old photos of club runs, vehicles or members, please let me know. We are looking for photos of interest mainly prior to 2001

There is one requirement though!

I need to know (roughly) when and where the photo was taken, and who is in it. If it is a photo of a vehicle, we need to know which club member owned it.

If you bring your photos to a club meeting, I can copy them there and then and you can take your photo home with you. (I do not need to keep it) or I will accept scanned copies via email provided the required information is attached.

The Photographic history of our club will continue to evolve over time and will be on display at club functions and gatherings where and when convenient.

The purpose of the collection is to display, in a pictorial format, the rich and diverse history of our club for the enjoyment of members, their guests and visitors for many years to come.

*Brent Gowers
MVVC Historian*

Swan Hill Car Club Visit

Members of the Swan Hill Car Club recently visited Mildura and some of our members met at Pysche Pumps for a guided talk on the history of the pumps. I have seen them several times and still learnt something from the day. Ie. The boiler runs on sump oil (and they didn't want the drum full I have!) and the triple expansion engine, the high pressure and medium pressure cylinders both run on the one con rod, arguably a weakness in the design but that's how the Chaffey's wanted it. We then had a lunch stop at Woodsies before leaving the Swan Hill members to go about the rest of their day. It was good to catch up with a mate of mine in his EK Holden.

Above: In the pump house. Below: All settled in at Woodsies for lunch.

Naracoorte Swap 2026

On the first week end in May Jo and I had the opportunity to catch up one of Jo's work colleagues from the 1990's who now lives in Mt Gambier. So I thought that was a good chance to attend the swap meet at Naracoorte just up the road. I hadn't been to Mt Gambier for 50+ years either so it was good to have a look around again. The swap took a couple of hours to meander over and I bought a few consumables like angle grinder wheels. There was plenty of people attending, including Victorians. There wasn't much Ford stuff, plenty of Commodore gear and arty farty bits n pieces. All up about 6 rows of stalls, each about 200m long. The shed was available for indoor sites as well. I am glad we made the trek, thinking I my check out the Cobdogla swap next. See Rig's swap meet list for when its on.

Above: Typical row of sites. Note the wood burner with the truck stack on it. Many sites had these for wood burners, they must have known something as it was not a very warm day and most of them were already burning!

Left: A trailer full of stationary engines.

Left: Old automotive memorabilia.

Below: One of the lines of vehicles in the Show n Shine. Something there to tickle everyone's fancy.

Left: Plenty of shiny paint work despite the threat of rain!

Right: Inside the shed. It tended to be the stalls that have things that don't handle getting very wet.

An Idea for a drive.....

Having driven past this place dozens of times, we finally decided to meet friends from Adelaide there for lunch one day recently. Where am I talking? The Mallee Fowl restaurant, just past Renmark, the one with the sign on the highway about free beer tomorrow. It's quirky but very popular and the food was great.
