President's Report

Hi Members,

Well, here we are back to earth after six weeks away.

I have heard from members that the pie run was a great success as well as the morning tea with Kerang Car Club members. It was good to see that some members attended the Sunassist Car Show.

The Bendigo Car Club is visiting on Tuesday 14th October for lunch at the Club rooms. Also the Mildura Show and Shine at Nowingi Place on 18th October and the Merbein South Car Show is on 9th November.

Don't forget Bendigo Swap meet on 15th and 16th November. We are looking for volunteers to help on the gate.

Thanks to the Committee who ran the September meeting and events in our absence.

Happy motoring,

Regards, Graeme

Pie Run

Weather was great & a good turn up of club members & their lovely vehicles. Thanks to Jenny Royston, Andrew & other members that helped & provided us all with dampers, pies, pasties & fruit pies with ice cream & custard. Mid afternoon after an enjoyable day of eating & chatting we all headed homewards.

Thanks Liz. Ed.

Autobarn Show n Shine

The weather looked pretty threatening for this show so I was debating whether to get the Model A out. A quick look at the weather radar and I thought that it would pass by around 10am. Luckily it did so Milly and I drove to the venue in our vehicles and joined lots of other cars for a nice outing. When it wrapped up we drove home just in time for the rain to reappear. Our club had success with my model A winning best vintage, second was Trevor Coombs and third was Ken Andrew in his Mustang.

Top: A very nice V12 Jag belonging to one of the local Jag club members.

Above: Autobarn owner Alan addressing the gathering.

Kerang Car Club Visit

In rain & freezing conditions the Kerang Car & our members arrived to have morning tea in our warm & comfortable club house. We all enjoyed a good chat and lovely morning tea organised by Jenny & Royston. Club members brought a plate. Some members continued on to have lunch at Trentham Estate with the Kerang car club members around 12pm.

Thanks to various members for supplying the photos.

If any member past or present has any old photos of club runs, vehicles or members, please let me know. We are looking for photos of interest mainly prior to 2001

There is one requirement though!

I need to know (roughly) when and where the photo was taken, and who is in it. If it is a photo of a vehicle, we need to know which club member owned it.

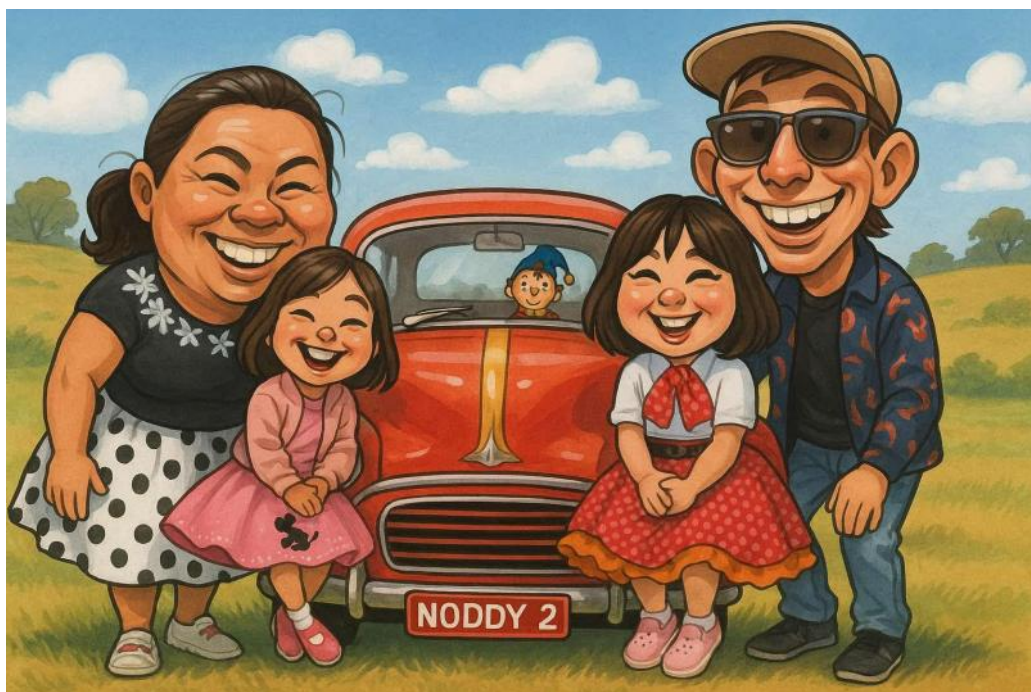

If you bring your photos to a club meeting, I can copy them there and then and you can take your photo home with you. (I do not need to keep it) or I will accept scanned copies via email

provided the required information is attached.

The Photographic history of our club will continue to evolve over time and will be on display at club functions and gatherings where and when convenient.

The purpose of the collection is to display, in a pictorial format, the rich and diverse history of our club for the enjoyment of members, their guests and visitors for many years to come.

*Brent Gowers
MVVC Historian*

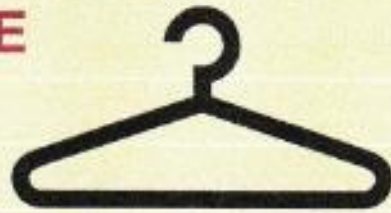

Left: Andrew and family have been to Thailand recently. He has not seen too many old cars so far this trip but his sister-in-law has a program that converts pictures to cartoon characters. The wonders of technology!

Left: As this issue comes out, Jo and I are in Emerald Qld on the way back from Townsville. Milly and I had the job of delivering the other daughter Ella's mini to Townsville. At St George Qld we had a driver change and drink stop only to come out and the Mini wouldn't start. Great, 4pm on a Sunday! Anyhow diagnosed on Monday morning with a dead fuel pump, new one coming from Brisbane arriving on Wednesday. So we know St George pretty well now! We were amazed at the number of destroyed/deserted cars and caravans on the edge of the road especially in Qld. I think we counted eight in all. There has been lots of money spent on the bad roads up here, pity its all spent on "Rough Surface" signs and not actually fixing anything. Got to Townsville OK then. Went to a market in Townsville and saw this dodgy front end alignment. They had driven into the market site to set up and the front end collapsed! The other thing that caught my eye was the Burdekin River crossing near Charters Towers. The river bed is 200m across even though there wasn't much water in it. There is a flood level gauge near the bridge that shows historical flood peaks. The 1946 level was the highest, and the water level would have been 15m over the top of the bridge, I can't imagine the volume of water that would have been flowing past.

We are travelling again seems like this year we haven't been home very much.

My welfare report for this month is very short as I have only been advised of David Blanch's son Dion being sick in the Alfred. I believe Dion was a member in past years. Veronica has also been into hospital for day surgery but she appears to be fit again. My husband Colin also had a day procedure that made us put back our departure.

I have been checking Sunraysia Daily but haven't noticed anyone else.

If you know of any member who has been in the wars and unwell could you please give me a call? 0427 804 897.

My number hasn't been published in the Bulbhorn so I assume that could be why it has been a quiet month for me.

Thank you from sunny, cold Gympie, Christine

New Paint Supplier In Mildura.

Since the closure of Mildura Crash Supplies in Tenth Street, which was started many years ago by Peter & Ruth McCarthy, I have found it a bit difficult in sourcing some items and good advice & help.

Now a new business has opened in the old Dahlsens building. Called "Wholesale Paint Group", the boys and girls there are only too ready to come to the rescue of both professionals and amateurs like myself. They stock all the necessary items for automotive, industrial, marine and house painting and preparation. They are able to mix all paints both in tins and aerosol cans and can match existing colours. Panel beating tools, along with abrasive paper, stripper, buffing & polishing tools are among their range.

Drop in and talk to Ben and staff to discuss all of your restoration enquiries.
