### MEMORIES FROM THE PAST

The Mildura Vintage Vehicles Club was formed in approximately 1966 by a few men interested in restoring and rebuilding old, mainly neglected cars that were being let rust away and were looked upon as things of the past.

After the Mildura Base Hospital Mens Auxillary hired the vintage cars for their Mardi Gras at a very high fee, it was then decided by this small band of men it was time for Mildura to have its own club. The meetings were first held in homes, later the Old Power House was to become the meeting place and the club was formed and a constitution drawn up. The Club went ahead gathering greater strength and was conducted in the Power House until it was demolished. The next move was to the Rowing Club for a short while and now at the present rooms.

As a point of interest, the Power House had a huge well (hole) in the floor which had to be filled in. At the time, the Old Custom House which used to be near the Mildura Bridge was being demolished by Weirs the builders, and I asked Terry Lunch if he'd dump the bricks at the Power House (instead of the tip) which was a big help. Allan Warwick borrowed a frontend loader and pushed the bricks into the well along with spare parts and old engines, etc. A lot of old Mildura history was buried in that well.

After all that the next thing was to get the power connected and the Club was in business. It was decided each member should pay £5 as a foundation member to get things moving. Some cars that were being restored were stored and worked on there, but due to vandals they had to be taken home and restored in their own garages.

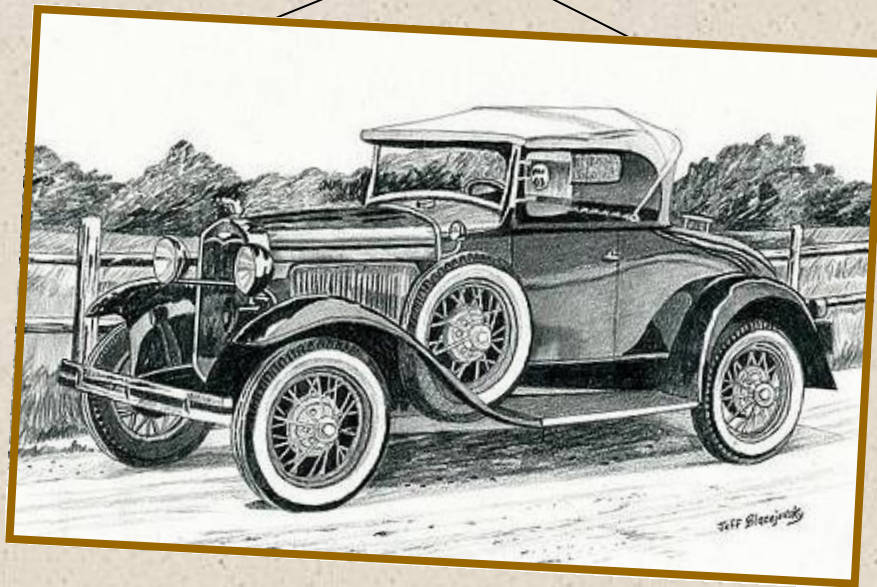

As a point of interest, after seven years of hard work and scounging for parts I completed the Triumph Seven. I drove down Deakin Avenue to the Caltex Service Station and the young attendant came out and asked could he help me. I said, "Yes, I want some vintage petrol." He said, "What type is that?" I said, "I don't know, but last time I got some it was eleven pence a gallon."

Well I must say that as your first president I am glad to say that its very gratifying to see the work and the terrific changes taking place at our Clubrooms all being done by such an enthusiastic bunch of young men and women. It gives me great pleasure to be one of such a Club.

### **BARNEY'S SYDNEY HOLIDAY.**

Old Barney from Bullamakanka who owned the old model "A"  
Decided to go up to Sydney, just for a weeks holiday.  
So he packed some of his belongings, even his mirror and comb,  
Checked the old "A: for roadworthy, Said "She'll get me up there and home.

"Though she don't look the best she's a goer and of course I don't want to brag,  
They can bring on the Buicks and Chevies, I'll take them all for a drag.  
As I mix with those Sydney yokels, trying hard to keep clear of the fights,  
I'll show 'em the "A" can't be beaten, when I leave them for dead at the lights".

He'd been once before up to Sydney, years ago when he was a lad,  
And ever since then he remembered, the wonderful time that he had.  
This time as he drove there were visions, of the places, the gadding about,  
See the bridge, the zoo and the harbour, and his cousins who lived three mile out.

In the traffic it just didn't scare him, but first off, he drove through a light,  
And the horns all blowing around him gave him a bit of a fright.  
Then a car drove up there beside his, he saw from a quick sideways glance,  
He thought, this young buck wants to drag me, but I'll show him how this "A" can dance.

So he put down his foot and got rolling, through the traffic he weaved as he went,  
While the other car stayed right behind him, like a dog on a really hot scent.

It appeared in the Bulbhorn in April 1972.**

### ***Lake Cullulleraine Camp***

Eighteen club members, guests and friends attended what is becoming a very popular weekend camp at Lake Cullulleraine. Some members came for the weekend and some stayed for up to a week. Relaxing sunny days were abound, just great for relaxing in the shade by the waters edge or taking in a walk all around or partly around the foreshore of the lake. Sadly only three members travelled out to the lake on Saturday for the picnic run. The weather overall was great, not too hot and no dust storms.

## ***RIG'S TIPS***

How often do you lay on your back under a vehicle, trying to put a nut & washer on a bolt where there is not enough room for your fingers?

When you have large claws like mine, this seems to happen regularly, and I have come up with this fix. Usually you can use a socket, place the nut in it, then put a small amount of thick grease on the socket/nut, then the spring washer, a bit more grease & the flat washer. You should then be able to carefully manoeuvre the lot onto the bolt and nip it up. It doesn't always work first time, but it certainly saves some time and frustration. On the odd occasion that there is not enough thread for it to reach into the socket & engage with the nut, use two nuts and a bit more grease!

In some instances, it may be possible to super glue some of the components together to assist. You may even be able to weld some parts into place before assembly.

When faced with a problem like this, take some time and look at the situation, and use a bit of lateral thinking. You may be surprised how some of these situations can be made simple.

# President's Report

Greetings members, Australia Day turned out to be a mixture of good and bad. Sadly, the overnight/early morning rain put the kibosh on the Psyche Pumps venue, so the decision was made to transfer the event to the Clubrooms. About 70 members turned up for the lunch and an outdoor meeting, all in pleasant weather.

I was hoping to start with news that we will return to normal monthly meetings, but we are still limited to 64 persons inside the hall. The nice lady at Council suggested that we could have an outdoor meeting, like we did on Australia Day. This will be the plan for Friday 5<sup>th</sup> March, and we will set up on the lawns along William Street. If less than 64 members turn up, we can move inside.

As we are still living in uncertain times, the Rally Committee have decided to run a "Claytons Rally". This will be a couple of runs to local attractions/venues, probably still ending up at the Coomealla Club for dinner on the Sunday night, with the normal menu in a section of the dining room. More details will be available soon.

Despite the doom and gloom around the economy, it is interesting to see the prices being realised at auctions around the country. \$1.1 million for a Falcon GTHO Phase 3, late model Holden Maloo utes making \$350,000, and the new Rolex shop in Sydney being all but sold out of product! I also note that Dominos shareholders are in for a bumper dividend, which says something about the take-away business during lockdown!

We will all battle on with what we've got and be thankful that we live in such a great area.

General Business:

Coomealla Club charged our club for the number of members who indicated that they would be attending for the meal prior to the meeting. There were some people who didn't turn up. So our members funds -raffle money- had to be used to cover the additional cost. This, was a disappointing result. Could members please be more considerate in the future? If you say you will be attending please advise before hand if your circumstances change.

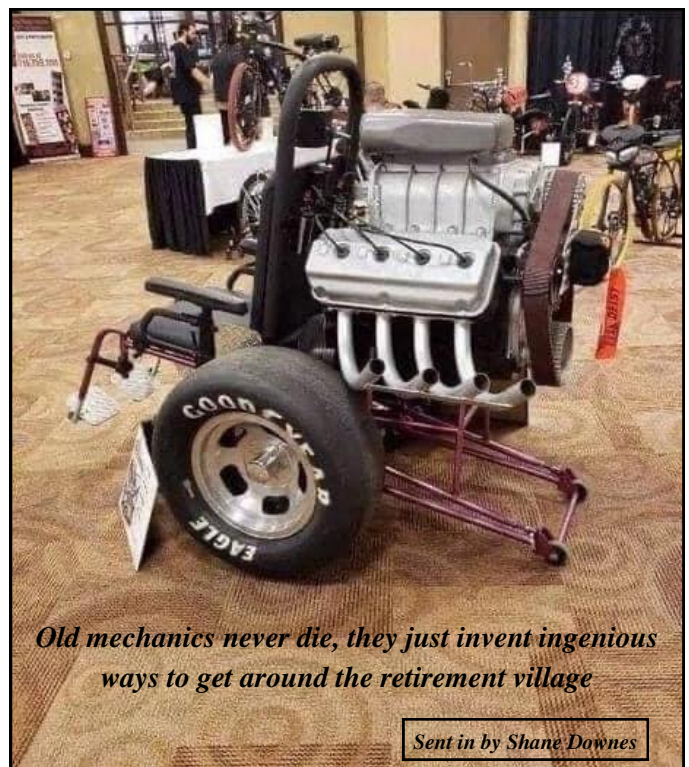

Bay to Birdwood is going ahead.

Leonie is getting a quote for a new drinks fridge.

Robert, Graeme and Leonie all thanked everyone for contributing to make today a success. It is nice to finally be able to use our clubrooms again.

Robert mentioned that there are lots of interesting things coming up for auction online in the coming months.

Meeting closed 3pm.
