President's Report

As we approach that time of the year when the Club's committee and non-committee positions are all declared vacant and re-appointed, members are reminded that anybody wanting to be considered for any of the Club's elected positions must lodge their nomination with the Secretary by August 7th, 7 days prior to the AGM. Whilst many clubs do have a provision for the Chairperson of the AGM to call for nominations from the floor for each elected position prior to the election of that position, this provision was removed from our Club's Constitution in 2022. Any vacant committee position following the AGM will be filled by Committee appointment, in accordance with our Club's Constitution.

I would also draw members' attention to the changes introduced by the 2024 Constitution with respect to the various subcommittee positions. In previous years nominations were required from each member of each subcommittee, resulting in a frenzy of activity as subcommittee Chairpersons rounded up nomination forms for each member of their team and submitted them to the Secretary. This is now done by verbal agreement between the Chairperson and their team members, with the Chairperson notifying the Committee of the names of the members on their subcommittee within 30 days of the AGM. Any club member wishing to participate on a subcommittee should express their interest directly to the subcommittee Chairperson.

I look forward to seeing you all at the General Meeting and the Annual General Meeting on August 14th.

Best regards / *Rob Fletcher*

From the Editor

You will find the minutes from the last AGM, positions vacant for the upcoming AGM and annual reports from the President, Treasurer, Club Captain and Swap Chair in this edition ready for the AGM on Thursday 14th August.

There are reports on the club runs held throughout the month, activities coming up and bereavement notices. Check out the Swap Roster as if changes need to be made they have to be done asap.

We lost a long-time member in July, Ian Jensen who has been a member for 31 years. For those that do not know I bought his Toyota Crown last year, so it is a pleasure to drive it and carry on the journey with the GVMVDC. He took it on a rally 10 years ago in 2015.

See you at the meeting on Thursday 14th and I guess I should remind you to wear your name badge as we don't all know each other.

Club President's Report

Annual General Meeting, 14th August 2025

As we move into the AGM and another club year you can be forgiven for feeling that you have been suddenly transported to Tasmania. 'Yes', it really is time for another AGM and the election of club committee and non-committee positions, and 'no', it hasn't been twelve months already since we last went down this path. We can all thank the Australian Taxation Office, who required that we change our club financial year to enable us to pay them tax, and the flow on effect of this to our club year.

For a short club year, the Committee has been busy and has achieved a satisfying amount:

- We have made the necessary changes to our Constitution and By-Laws to align our club's financial year with the taxation year, to align our membership year with the revised financial year and to move the AGM to August to align with the revised membership and financial years;
- We have changed out the printer that Heather uses to produce the Drivers Journal for a simpler and more cost effective unit;
- Treasurer Peter Vibert, in conjunction with the Club's accountants, has implemented a new Club accounting system that is better suited to ensuring that we pay the Australian government enough tax each year;
- We have implemented a new Club website; and
- In conjunction with the new website, we have implemented a new Club database, able to be accessed and managed by multiple committee members, and indeed, by all members. If you haven't already done so, log in to the Members Only area of the website and check that the details on file for you and your vehicles are correct. If there are errors you can make and save the necessary changes yourself.

Unfortunately, there has been no Swap Meet this year, not because of covid but because of the fore-shortened club year. However, despite the best efforts of third parties, Lloyd and his Swap Meet team are once again planning an outstanding swap meet, in an environment where these types of events are becoming increasingly scarce as more and more clubs find themselves struggling to be able to effectively run swap meets and car shows due, primarily, to unreal insurance demands, onerous health and safety requirements and aging club demographics. A huge thank you on behalf of the Club must go to Lloyd Healey (Chairperson), Lindsay Braybon (Swap Secretary), Harold Battersby, Ann Bell, Glenn Braybon, Kris Healey, Kelvin Ivers, Trevor McKenzie and Jason Watts. I urge all club members to step up and help out at the Swap Meet; it's not hugely demanding and a damn sight more interesting than trawling the streets selling chocolate bars or raffle tickets. Our Catering Subcommittee has once again excelled, catering for the A Model Ford Club's 50th Anniversary celebrations, held at our clubrooms during May. They received glowing praise from A Model Club for their efforts, Rob Rush, Secretary of the A Model Club writing "*I cannot thank Julie Mahoney and her assistants enough for looking after us with their friendly and helpful attitude. The delicious meals were enjoyed by everyone as was breakfast on Sunday morning*". They will once again make a significant contribution to the Swap Meet, planning on feeding the hungry hordes who attend the Swap Meet, which is no easy task despite Julie and her crew making it look as though it is. A huge thank you to Julie Mahoney (Chairperson), Bev Brownley (Catering Treasurer), Sue Agosta, Evie Boschetti, Kris Healey, Judy Mellington, Lorraine Threlfall and Bill Winters. Thank you also to those club members who have stepped up to assist the Subcommittee during the year, in particular, Robyn MacFadyen, Patricia and Alan Lavis, Lorraine and Roger Secomb, Helen Paul and Lloyd Healey.

In addition to the Club's annual runs, the Christmas BBQ and Concours, the Twilight Picnic at Nathalia and the National Motoring Heritage Day, the Events Subcommittee has once again served

up some great runs throughout the year. In his first (but hopefully not last) year as Club Captain, Barry and his team have delivered some diverse destinations for the Club's monthly Mid-Week Run, including an informative explanation of the Colbinabbin silo paintings, a visit to Norm Cornfoot's collection of earthmoving equipment, a tour of the Dhurringile Mansion, a tour of the Dharnya Centre at Barmah and a viewing of John McGregor's "*magnificent collection of tillage equipment*" at Euroa. A huge thank you to the Club Captain and Events Subcommittee Chairperson Barry Croke and subcommittee members Trevor Dainton, Leigh Johnstone, Hugh MacFadyen and Alan Lavis plus all other club members who have stepped up and assisted with the staging of these events.

The Facilities Subcommittee has quietly toiled away throughout the year keeping our clubrooms in tip top condition. From relocating taps and power points, mobilising the bain marie to waging a silent war on weeds in the carpark, nothing seems to phase them. Our thanks go to Greg Sutherland (Chairperson), Ken Cuthbert, Barry Galvin, Lloyd Healey, Bill King, Alan Lavis and Barry Croke.

Mary Apostol has continued to organise the bi-monthly Ladies Lunches; all the Club's lady members are welcome to attend. In addition, the Social Group Subcommittee has organised monthly Saturday Social Day lunches; all members are welcome to attend. Thanks go to Mary and to the Social Group Subcommittee members, Col Grace (Chairperson), Sandra Pozzobon (Treasurer), Trevor Dainton, John Pozzobon and Les Williams.

I offer thanks on behalf of the Club to all Committee members for their efforts throughout the year: Vice President Greg Sutherland, Secretary John Truman, Treasurer Peter Vibert, Club Captain and Events Subcommittee Chairman Barry Croke, Swap Meet Chairman Lloyd Healey, Journal Editor Heather Drust and Committee Members Ray Mullins and Alan Lavis.

Thanks also go to those who have taken on the many non-committee roles within the Club, those roles that are absolutely essential to the orderly operation of the Club; Lloyd Healey (Property Officer and, with Kris Healey, Federation Delegates)), Peter Vibert (Club Permit Officer), Barry Croke, Gwyneth Trevaskis and David Vibert (Club Permit Assistants), Alan Lavis (AOMC Delegate), Neil Hammond (Librarian) and Hugh MacFadyen (Club Car Photos Curator).

Treasurer's Annual Report

Tax

A declaration by the Tax Office has classified GVMVDC along with thousands of similar organizations as "Taxable Not for Profits". This has made it necessary for us, at significant cost, to engage accountants to guide us through this complicated process of assessing our liability.

Financial year change

Apart from paying tax on the income we receive from nonmembers, we have been forced to bring our financial year into line with the standard business practice which sees the financial year end on 30th June.

Constitution update

Our constitution has now been updated to reflect this and other required amendments.

Two Subscription options success

We have now entered our second year where members can choose to pay the full amount and receive Journals by mail or opt for the discounted subscription to receive the Journal electronically.

Cost overruns removed

The upgrade from our old printer to one with significantly lower production and leasing costs, along with the 2-tiered subscriptions and the diligent work of our Journal Editor Heather Drust has allowed us to eliminate the cost overruns of previous years.

Surplus

Thanks to the efforts of our Swap Committee and our Catering committee we have again ended the year with a welcome surplus.

EVENTS SUBCOMMITTEE - ANNUAL REPORT 2025

This year I have had the privilege of organising our events and runs which provide members with some of the unique experiences in heritage vehicle ownership. The wisdom of Alan Lavis, Hughie MacFadyen, Trevor Dainton and Leigh Johnston has been integral to the program.

I regard our 'Events' as the very nub of why I am a club member. I am certain there are others who regard them as the place to enjoy the benefits of club membership. The following words attempt to capture some of the highlights of our shorter club year.

My interest has been in finding drives to all points of the compass around Shepparton which preferably gave us something different to look at and hear about, and sometimes this has meant skipping the morning coffee stop. However, the lunch stop has remained paramount and frequently involved establishments in small localities where proprietors made a special effort for us.

The reporting period started with our traditional Christmas gathering at the facilities of Grahamvale Primary School. A good assembly of heritage vehicles had our previous club Committee ranking vehicles for awards in three categories; mBest Preserved, Best Individual Effort and Best Motorcycle. The People's Choice provided for Lindsay Braybon's success with his Studebaker Erskine, but he had several close contenders showing members' interest in presenting fine heritage vehicles. The picnic atmosphere combined with BBQ provisions from our Catering Subcommittee set the scene for plenty of interaction.

The Nathalia twilight picnic on the lawns beside Broken Creek allowed members to talk about how they had survived Christmas/New Year. This was again one of our premier events in an idyllic Aussie location. January also saw members attend Ferrari Park, Mooroopna, where our vehicles provided points of interest for the public attending the Australia Day function.

February events were well attended with 31 cars displayed on the oval as part of Numurkah's 150-year celebrations. The opportunity for 'over the pit' vehicle inspections was attended by 27 cars and made possible by Grieve's generosity and the mechanic members doing the scrutinising.

March was a busy month with attendance at the Swanpool Motoring display and the Federation's Wunghnu Vintage Machinery and Vehicle Display. Probably the year's most unusual experience was Norm Cornfoot's biggest collection of LeTourneau earthmovers in Australia. At two sites in Nagambie we saw numerous GM two stroke power units, from 4 to 12 cylinders, which powered these the monsters in their day. Norm even fired up a couple for our auditory delight. Perhaps there was also a message about technology 'moving in a circle' as most of these old machines had on-board generators to provide a 415V power supply for electric motors at wheels, elevators and bowl adjustments.

The Dhurringile experience highlighted April with 48 cars in attendance to be part of a photographic opportunity in front of the old homestead. Fortunately, 'bon-home' prevailed as our

President Robin and helpers organised successive groups of cars for the exercise. Moreover, we now have heritage club photos.

Nathalia then Barmah Hotel had 18 vehicles as the destination in May. After lunch members visited the Dharnya Centre which is located just east of the junction of the Broken Creek and Murray River in the Barmah Forest. The Dharnya Centre was once a red gum pole and bark structure operated by Bangerang people to display artefacts. We found this has been replaced by a large architect designed structure using 'off site' materials under the Yorta Yorta management. A staff member spoke about displays within and the adjacent extensive accommodation facility nearing completion

Our attempt to celebrate National Motoring Heritage Day on May 18 was less successful with only 10 cars being in the group that drove through the population centres of Shepparton, Mooroopna, Tatura, Merigum and Kyabram. This effort to bring heritage vehicles to public notice replaced our recent practice of a static vehicle display on the lawns beside Shepparton's Lake Victoria. Really, we have not found an effective way to display Heritage Motoring to the public on this "day". The chances of May providing less than ideal outdoor conditions for the public suggests a review of the National 'date' may be necessary.

The Euroa-Longwood run in June was well attended with 21 cars. The machinery and powered equipment from yester year at John McGregor's yard was the focus of reminisces and marvel. After lunch at the Longwood Hotel, which opened just for us, also provided a warm spot to gather. Then we were treated to the inventive and unique works completed by the Tobin brothers at their Heavy Metal Art workshop in Longwood.

A weekend trip to Dookie Hotel and Dookie College on Sunday June 29 attracted 6 cars only. A good trip for those present but somewhat perplexing in view of members past requests for local weekend runs. Similar to our May 18 turnout. Do members really want local weekend runs?

Christmas in July was the theme for the last Sunday in the month. Tatong Tavern was a perfect choice of venue with 29 members enjoying three hours in cosy surrounds. Thanks to enthusiastic member interaction with festivities, it probably should be a repeat visit for next year, when hopefully, attendance will not be constrained by miserable weather.

Our Events subcommittee would appreciate a pool of ideas to select from in the coming year. It is up to members to give us this advice.

SWAP COMMITTEE REPORT

It is with great pride that I report on the swap meet. Friday and Saturday (our pick up and set up days) were great days with everyone that came along to help, doing their bit with smiles on their faces. This is what the club is all about.

A special thanks to H for taking Friday off work and getting all the G.P.S. Spots marked out, as this is a tremendous help on Saturday. We managed to get all the marking out finished extra early; this allows us to get the site holders in to start setting up. Thanks H and Kel.

It's disappointing to see so many empty sites on the skid pan, when there were damp spots on the grass. Not much we can do when the sites have been sold and people don't turn up. Sunday is a very successful day, when our treasurer is smiling at the end of the day.

A big thank you to all members and non-members who helped out over the weekend, because without your assistance, we would not have run such a successful event.

I can't thank my committee enough for all their hard work and hours they put in throughout the year, nothing is too much trouble for them. They are such a fantastic team, I'm glad they are all prepared to do it all again next year. The club is so lucky to have them around and so am I.

A big thank you to the catering committee for their support and hard work for the swap, nothing is too much trouble for this group, it's a great pleasure working with you all.

Thanks must go to our sponsors for their continued support. It is much appreciated.
So members if you can please support our sponsors.

September is coming up quickly and we will be doing it all over again, a few more sites to be sold yet, no doubt they will.

Club members please check out the swap rosters and put your hands up to help. No doubt we will be needing more people to help.

Thanks to everyone again for your help and support.

Saturday Social Day

Our Saturday Social Day was held on the 19th of July 2025 at the clubrooms. Our numbers were a bit low due to some of our regular grey nomads being on holidays. We did have Col and Glad return early. We wish Glad a very speedy recovery. We had a lovely morning tea, lunch and sweets. Thank you to all those that brought along casseroles and or morning tea. Your kindness is very much appreciated. Also, a big thankyou to those that brought along raffle gifts for the table. Our raffle that everyone is a winner. A very special raffle prize went to Trevor Dainton in his absence he won the prestigious award of negotiating the dishes LOL. I will show you where everything is kept Trev/

A big thank you goes to all those that let me know that they were coming, also to those that let me know that they could no longer make it due to sickness.

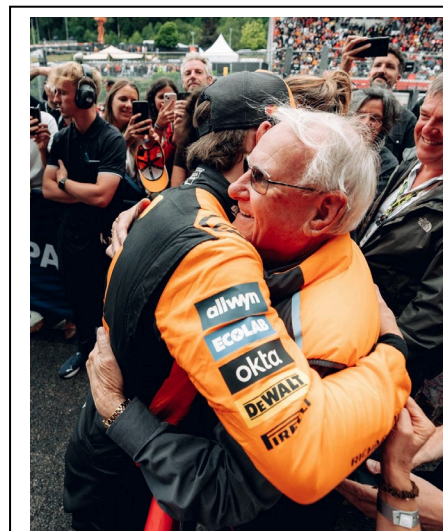

We wish you all a speedy recovery.

Hoping to see our normal group next month

McDonalds on the side road. Departing at 9.30am and travelling via Byrneside, Girgarre, Rochester to Lockington (approx.80Km). Scheduled for a 10.30am visit to the Lockington Heritage Centre (\$15 per person entry inclusive of morning tea) then go to Lockington Hotel at 12.30 for lunch.

Bring a copy of our Drivers Journal to gain free entry plus tickets for the afternoon lucky draws.

Members travelling together can gather in Mooroopna (opposite McDonalds).

Rally Report**Coffee Run – Ross Street Café, Tatura – 16th July 2025**

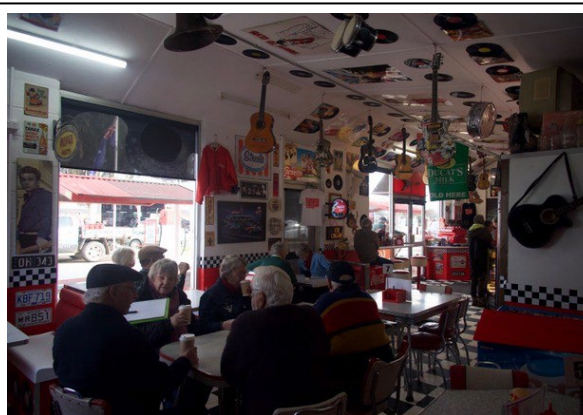

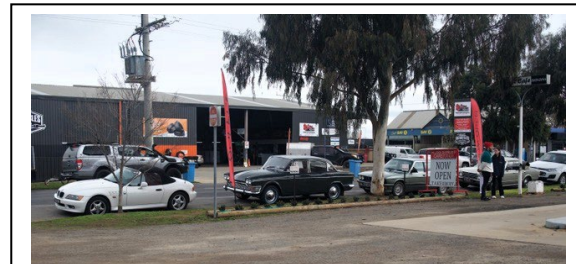

“Want to go out for coffee?” The question often does not get a good response in mid-winter, particularly on a cold overcast day. But at least it wasn’t raining, and a reasonable number of the faithful turned up at the Ross Street Café in Tatura. The quirky café is set up as a 60s café-diner, with lots of memorabilia helping to create a suitable atmosphere.

The new owner Daryl was keen to have a look at our cars and was quick with the coffee and whatever people wanted to eat. Indeed, I had to resist the offerings in his bain-marie, although he got me with the slices and cake nibbles he passed around. We have to go back again!

Then it was off to Nagambie by the scenic route. Rather than take the highway at Murchison, we took the back road to Kirwans Bridge, which of course is closed. We took the back road around the western side of the lake, which has been sealed in recent times, making for an enjoyable drive.

Lunch at the Rowing Club with its beautiful setting, and the meal of course up to its usual standard, capped off our day nicely.

It is worth noting that the day saw a couple of new vehicle acquisitions displayed. Leigh and Lynne Johnston were enjoying their lovely 1980 Escort R/S 2000, and Peter Vibert and June Brewer showed that they are getting soft, in their beautiful 2003 Mercedes SL350. Peter is obviously over English classics! It is also worth noting the hardy souls in their vintages: well done Bruce Mellington and Ray Parry.

Bereavements

VALE - GRAHAM TIDD

Graham Tidd died on 28th June 2025 and a quiet funeral was held on 7th June at which a few Members paid their respects.

Graham retired to Shepparton in 2004 and brought with him the “rust bucket” 1928 A Ford ute.

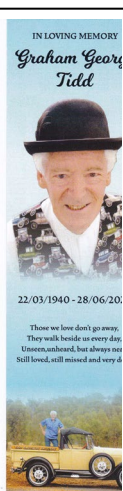

I met him through our ownership of MINIs (BMW) and introduced him to the GVMVDC which he joined in 2005.

He carried out his restoration of the ute in the garage, a garden shed and driveway of a residential unit. When the ute was finished it was well known as it was Immaculately presented with large decorated boxes in the back and him dressed in period costume made by Glenys. He made a significant contribution to the Shepparton Motor Museum (now M.O.V.E.) working with Graeme Balfour.

After the A Ford he took on another project – a Morris Minor sedan – and in the same confined working conditions carried out another superb restoration.

Sadly, due to illness, he left our Club in 2021.

By John Truman

It is my sad duty to inform you that Ian Jensen passed away on Friday the 18th of July 2025. Ian and his wife Margaret joined our Car Club in 1994 and were keen members, attending a number of the Club's long-distance rallies, including the 2010 High Country, the 2011 Flinders Ranges, the 2012 Grampians and the 2013 Central Coast rallies.

Our thoughts are with Margaret and the immediate family at this sad time.

Rally Report**Sunday July 27th – Tatong Tavern**

The event had a Christmas in July theme and received extensive publicity in our Journal, email circulation and at the monthly meeting. Responses suggested just over 40 would be in attendance and the Tavern proprietors prepared accordingly.

The weather turned into wintry conditions and despite this 29 attended. The venue's ambience and warmth was first rate, as was the attention which the Tavern staff gave our group,

A couple of quizzes had been prepared to help discussion at tables. Hardly necessary in view of the enthusiastic chatter that prevailed, so only one was used. Recollections of advertising catch phrases used to promote cars over the past seven decades engaged members with the Zanelli – Johnston – Dicker table clearly demonstrating superior memory retention.

Santa Claus and Elf had prepared thoroughly, and a claxon heralded their arrival. Kris Kringle, who remains the real mystery in this exercise, had her way with the distribution of gifts. Furthermore, Santa was impressed with the thought that had gone into gift preparation. Neil & Liz did another great service to the club acting out and conducting this part of the festivities, plus they also arrived in the oldest car.

Understandably many members chose to spare their older heritage vehicles from a 200 Km run in wet conditions and 'moderns' were driven to get the added benefits of comfort and safety.

A most enjoyable outing and really encouraging to see a couple of new faces present.
