Federation Picnic Day

Beve and Ray attended the Federation picnic day at Darnum to represent M.V.V.C.inc. today 26/10/25. Being a very wet day vehicle numbers were down, but the company was pleasant. It became continuous drizzle so most people were just happy to catch up with old friends. From memory I think about 12 commercial vehicles and maybe 15 to 20 cars. They had the old Tarago Water Pump running for all to see. A couple of tractors and the odd stationary engine were ticking away out in the rain.

1/old tarago pump (Ronald and tippet)

2/Ray and Beve with Fed Banner

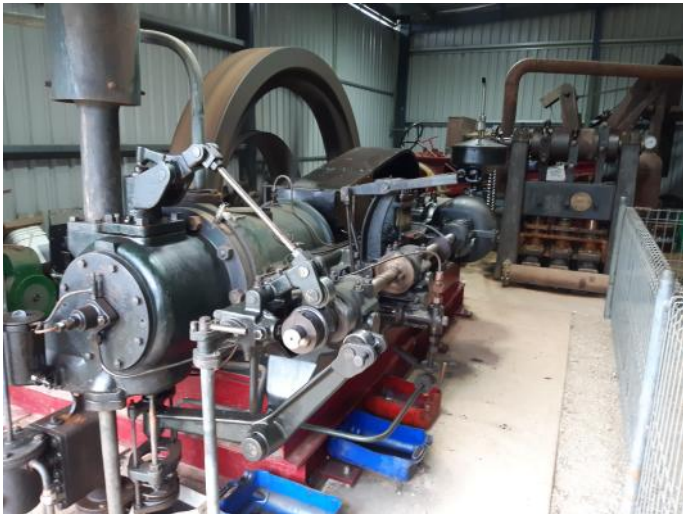

3/Lorraine Parnell with her new Morris

4/T Model in out of the rain

5/ Beve with Lorraine and Shirley (old time friends)

6/Wayne Henry chatting to members.

Cheers from Ray.

CHAILIS Car Show—Nowingi Place

Very nice weather greeted the members who attended the fund raising car show for CHAILIS held at Nowingi Place. There was a very good attendance with the usual great variety of vehicles to look at, cars, bikes and trucks. There was a lot on in Sunraysia that week end but the organisers still managed to get a coffee van there!

Above: The area where the club parked.

Below: A nice variety of cars and bikes.

Top: FJ Holden Redex trial type

Middle: The view from the hill.

Left: I had never heard of the Century VI2. Apparently an up-market vehicle from the Toyota stable. The only VI2 production car to come out of Japan apparently. Mention of one appeared in the Allawoona visit also. Looks like you could have any colour as long as it was black!

Above: Doing it tough at the show!

Below: A beautiful Shelby GT-350 Mustang. I'm sure I could fit one in my shed if I tried hard enough. (and they wanted to give it away)

Lloyd Griffith's Car Collection—Allawoona

Amazing, Incredible, Stunning are some of the many words members would be using after the trip to view this unbelievable collection on Saturday 25th October.

Despite a weather forecast of 20-40mm of rain in the area, 33 members and 5 visitors met at the Merbein South weighbridge for the 8am start. We all then caught up at the Loxton Bakery for morning tea before the 40-minute trip to Lloyd's 35,000 acre farm. Passing the homestead and a few typical outer buildings, we stopped in front of a LARGE shed, which was 3 sheds joined together. Outside was the usual collection of old farm equipment and vehicles, but upon entering the centre opening, we were greeted by the start of a massive array of engines, farm machinery from the past, several commercial vehicles and cars. A V8 Caterpillar engine (with straight out exhaust), was started just to make sure that everyone was awake & had their hearing aids in! After some time, "the second shed is opened" came the announcement, and that was when the jaws dropped, and eyes popped! Entering an area of about 1,000 square metres of insulated walls & roof and the floor covered with artificial turf, was an array of magnificent cars, from a Lamborghini Diablo to a humble Mini. Scattered were the odd Monaro & Commodore, a couple of Corvettes & Camaros, along with a Toyota Century V12 limousine with an XJS V12 to keep it company.

"The third shed is open" came the call after barely enough time to view each and every car, and we then entered the Holden Shed. Virtually every model of this once great Australian made car was on display, again including several Monaro's of each model, along with a few special Commodores. a couple of which I had not heard. Possibly the rarest was the Wayne Gardner Racing model, of which apparently only thirty-three were built. Moving to Shed 4 revealed a few vintage models, including Erskine, Maxwell, Rugby, Overland and Chandler. The big Ford F650 was certainly a standout and would be a hard vehicle to park in Langtree Ave. in front of the Grand! Included were 6-10 midget racers/TQ's fitted with various engines ranging from 500cc motorcycles, 1750 Alfa Romeo & the famous grey Holden. It was in this shed that Events Director Royston made a presentation to Lloyd. Down the road a bit was the fifth shed containing many Toyota Land-cruiser's, including an FJ 25 from 1959. This was the model that kicked off Australia's love for this vehicle.

The last shed contained many motorcycles, some of which were obscure makes such as Peugeot, Ural & Motobecane.

This was a once in a lifetime experience and Lloyd is to be admired not only for his collection, but the way it is displayed and his generosity in hosting our club.

What a great experience for everyone, unfortunately I couldn't get there but hopefully some time in the future.....

Thanks to the many photos sent in by many members, It clearly shows the impact it had on those who attended. I wouldn't mind just one of the sheds!!!

And the following day at the Village in Loxton.....

I need to know (roughly) when and where the photo was taken, and who is in it. If it is a photo of a vehicle, we need to know which club member owned it.

The Photographic history of our club will continue to evolve over time and will be on display at club functions and gatherings where and when convenient.

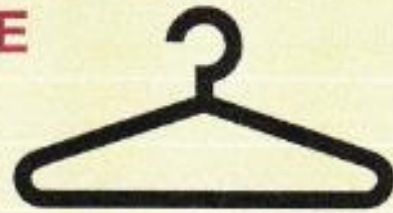

The purpose of the collection is to display, in a pictorial format, the rich and diverse history of our club for the enjoyment of members, their guests and visitors for many years to come.
