# President's Report

Hello Members,

Welcome to our November meeting. I would like to thank everyone who has been attending the runs and events that our Events Committee have organised. Leonie and I travelled to Darnum for the Federation delegates meeting on Saturday 19<sup>th</sup> October. We passed a lot of very nice cars heading to RUSH in Swan Hill. It looks like it would have been a great event. We spent three nights with our Club members Ray and Beve who live in Traralgon. On Sunday we went to the Baw Baw Picnic day. It was a great day and it was good to catch up with old and new friends.

A reminder to members to get your entries in for the 25<sup>th</sup> Easter Vineland Rally. Early bird entries (discounted fee) close on 28<sup>th</sup> February. Let's make it a great rally with lots of participants.

Happy Motoring and all the best, Graeme

Personally I have had very good sidevalve ford machining done by G&P engine reconditioners in 8th st and I get my Model A parts from Dave Slater in Wodonga. He advertises in Restored Cars mag.

## **CHAILIS Fund Raiser Car Show.**

The Pongraz family organised the car show at Nowingi place on Saturday Oct 5th. The club was represented by several vehicles. The conditions were very pleasant overall. Again there were many interesting vehicles to look at ranging from motor bikes through to trucks. Ed.

Below: Some of the gathered vehicles including some of our club cars near the banner.

Above: The trouble some people go to. This Toyota was beautifully painted including colour matching the battery!

Right: Our club's only success this year, Milly Conner winning best Japanese with her Mitsubishi Cordia.

Above: Also at the show were these two very similar Model A's, both 1928 AR versions with hand brake on the right side of the driver and the early brake drum design. The green one is mine and the red one belongs to Graeme Richardson who as it turns out has roots back to Boundary Bend where I was bought up. From the front the main differences are due to where they were made. My model A (Green one) is Canadian in origin while Graeme's is from the USA. Mine has a black ford badge while Graeme's has the usual blue ford badge. The spare tyre is on different sides even though both are right hand drive. The were tax advantages in Australia buying importing cars from commonwealth countries like Canada which is why I presume Henry Ford set up factories over the border in Canada. The pics below show the more obvious difference, the USA model has a separate pick up bed while mine has the bed integrated into the side panels that extend up to the doors. Interior wise they look the same. Graeme deservedly won best pre 1970's vehicle.

## **RUSH car event in Swan Hill**

The week end of 18-20th October saw the running of the RUSH car event in Swan Hill. Shane Downes reports that five members attended from our club and had a fabulous week end of activities. Shane sent the following pictures.

Above Left: Some interesting design headaches must have went into how this top was going to stash itself away at the rear of the car.

Above Right: Looks like Shane may have found somewhere to deliver the contents of his Hearse!

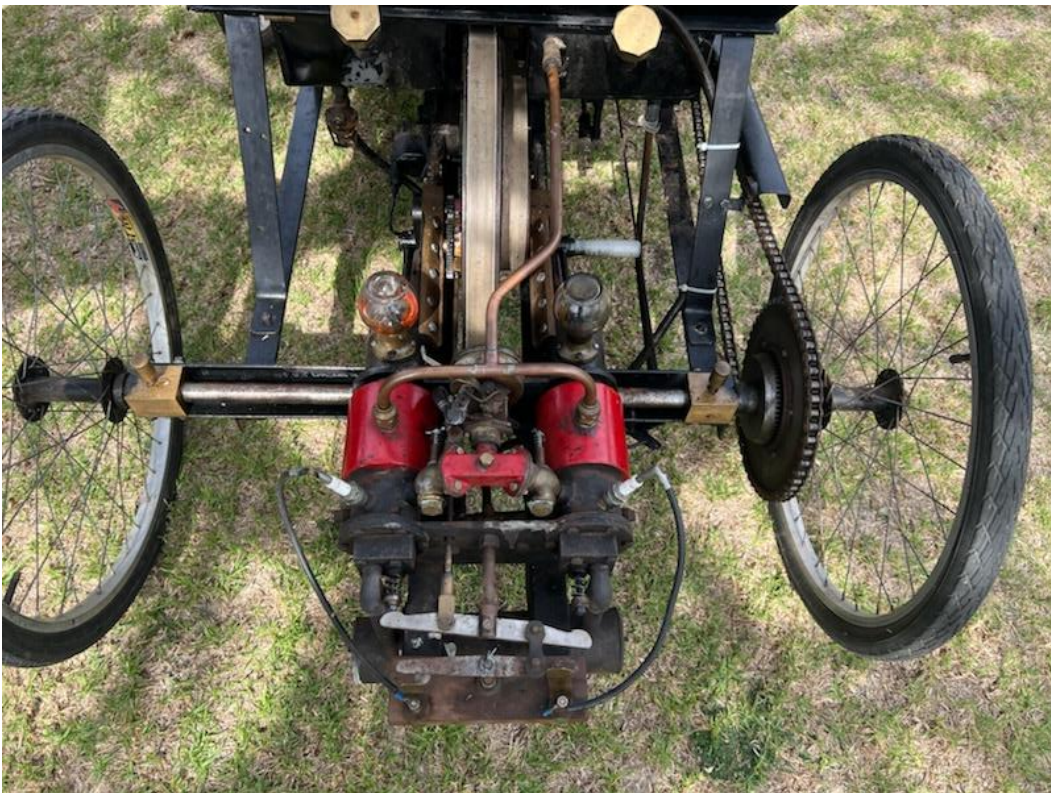

Above Left: The members doing it hard.

Above and left:: An EH sedan with a heart transplant and some serious breathing modifications. The sign appears to say it's a 427 small block Chev with a pair of Garrett turbos.

Also at RUSH was this replica FORD 1896 Quadricycle. Built by Len Hopcroft from Robinvale, I have known Len for many years. He is a real old style mechanic, machinist and handyman. I remember him saying that he built a working copy of this engine and when completed he decided he may as well keep going and build the rest of the car! Here he is pictured in the car.

The detail of the engine, all hand built from scratch. A piece of art if I have ever seen one.

*If any member past or present has any old photos of club runs, vehicles or members, please let me know. We are looking for photos of interest mainly prior to 2001*

*There is one requirement though!*

*I need to know (roughly) when and where the photo was taken, and who is in it. If it is a photo of a vehicle, we need to know which club member owned it.*

*If you bring your photos to a club meeting, I can copy them there and then and you can take your photo home with you. (I do not need to keep it) or I will accept scanned copies via email provided the required information is attached.*

*The Photographic history of our club will continue to evolve over time and will be on display at club functions and gatherings where and when convenient.*

*The purpose of the collection is to display, in a pictorial format, the rich and diverse history of our club for the enjoyment of members, their guests and visitors for many years to come.*
