WMHVS October 2024 Presidents Report

Hi all

First let me start with a big thanks to Frank and Don for officiating September's meeting as Neville and I were both unavailable. Neville was still wandering home from the A Model National Rally in Queensland and I had a clash with work. It's always pleasing to see people step up when needed to run our club. I look forward to hearing how the Eltze and Thomas crews enjoyed their trip up north.

It's also very pleasing to see some spring weather come our way which hopefully is letting everyone have some quality time with their vehicles. Whilst I know the farmers and gardeners amongst us would love to see some rain I am enjoying the spring sunshine. I personally have managed to complete my four-carb jigsaw which means my CB400 is ready for a spring run. Always more fun when the sun is shining.

Peter and the events committee have recently met and updates the events calendar for the next few months so make sure you keep across what's coming up, pencil in your diary the events you can attend and enjoy your passion with other likeminded people.

Murtoa had their Big Weekend recently and I look forward to hearing from members who were able to participate in their Show and Shine, possibly even some trophies came their way.

Well only a short report from me this month but I look forward to chatting with you all at the meeting, catching up on what I've missed out on during the last two months, until then stay safe.

Cheers, Colin

Model A Ford National Rally - Maryborough QLD

Day 6 - took the 'back way' to Biggenden. Road varied from really good to 'well below average' (understatement !!). Stopped at a little - read 1 general store, a hall and a couple of houses - place called Durong South for a break, then arrived at Ban Ban Springs for lunch. Drove the last 50km to Biggenden - called it a day as only 100 odd km to go.

Day 7 - More casual start. Decided to take the 'long cut' to Maryborough up through Childers - better road! Stopped at Childers for coffee at a historic theatre (complete with canvas chairs !) then into Maryborough Showgrounds. Arrived 11.30am - 2,300km. Greeted by a heap of other Model A Fords !! After registration, drove into town, found our park and set up camp for the next 7 days.

Day 8 - 5.30am start. Out to Showgrounds by 6.15am. On a coach headed for Bundaberg at 6.45am. Arrived there at 9.40am, greeted by members of the Bundaberg Vintage car club who provided us with morning tea in their bright airy Clubrooms. Then to Bundaberg Rum Distillery for a guided tour. Back to Vintage car Clubrooms for lunch (magnificent effort by their members). In the afternoon we were taken to Bert Hinkler Aviation Museum - could have spent the entire day there !! Headed back on the coach at 3.00pm and home at 4 30pm. Big day, *Nev Thomas*

Birchip Show n Shine

The Birchip Show n Shine was attended by 11 members with two on motorbikes. After leaving Doon Pub meeting point and via Werrigar Roadhouse we headed to Birchip dodging some late morning Kangaroos. Another Horsham car club driver did clip one on their journey, fortunately minimal damage.

Weather was good and event well organised. A great day catching up with different people.

Birchip Bakery Trip Thursday 5th September

A great day was had in Birchip with 20 members attending, meeting along the way, from starting point at Dooen Pub then Werrigar Roadhouse and in Birchip.

After lunch at the amazing Birchip Bakery we had a request from the local nursing home to do a procession through their entrance so residents could see our cars.

We then moved on to the Birchip Historical Society building to view the great local history collections.

Following that we went to the home of Warren King to view his great collection of cars, farming, motorcycle and other interesting artefacts, many thanks to Warren for an interesting talk to the group.

We then convoyed back to Werrigar Roadhouse house for refreshments before making our way home.

Big thanks to Doug and Jenny Mitchell for organising this day.

Pre 1905 Run

Edwardian (pre 1900) and early veteran (1900 until Dec 31st 1904) vehicle owners from around Australia gathered at Naracoorte for this year's pre 1905 run. Cars, motor bicycles and cycle cars being represented.

This year's event ran from Friday 13th until the 15th Sept. Nev, Gail, Matt and Col Thomas as well as myself caught up with the run on at their final destination on Sunday 16th at Francis bowling club.

There were about 16 vehicles still on the road by that stage, but I believe nearer to 30 started the event. These vehicles provided an interesting and colourful display of mechanical marvels. Bearing in mind the concept of what an automobile would become was still evolving when these vehicles were built, so there were many interesting designs. Back seat drivers, tiller steering, rear entry phaeton and other anomalies by our present concepts of how a car should look. To prove everything new is has been done before, front wheel drive, transaxles with independent rear suspension and even sequential transmission all before 1905 where some of the features that these vehicles incorporated.

Next year's run is scheduled for the same time of year in the Bendigo district. I potentially have several eligible projects, but would need to put in some long shed hours to be ready.
