WMHVS July 2023 Presidents Report

Hi all

Well, as I sit down to pen this month's notes I am struggling to work out where the year has gone. It's hard to believe it's coming up to 12 months since taking on the challenge to lead the club. Whilst not wanting to get lost in recounting the year I want to acknowledge all the support I have received over the year, especially from the executive team who have made my job so easy.

Thanks to everyone involved from the team turning the heaters on and being prepared for coffees and chat after each meeting through to members organizing the great range of events and activities, we have all been able to enjoy. Please accept this as my personal thanks for making me look good and making this club such a great organisation to be involved with and to anyone that's interested in the future make sure you get more involved as the opportunities arise. The more you're involved with the club the bigger the reward you'll receive.

With winter settling in and the rain gods looking after the farming community we are all seeking more indoor or warmer activities. Whilst my toys are getting regular start-ups in the shed, I haven't been too excited to don the safety gear for a quick ride. Think I am fast becoming a fair-weather rider.

Congratulations to Colin Thomas for taking on the task to establish a museum for Horsham and District, Whilst I personally was unable to attend the public meeting the press reports sounded positive, and activities seem in place to push on with the concept. I look forward to hearing how this progresses.

As we head into July, I hope the majority of members have checked, updated and then returned the membership payments and vehicle registry forms for the club permit scheme to allow the club to keep accurate records in line with the Vic Roads permit scheme. Membership renewals are not complete until these forms are returned and processed. I am also keen to make sure that all the vehicles registered against our club have the required pictures loaded into the system, which is also a Vic Roads condition of the permit scheme.

Again, Don and the events team have had a range of activities we can get involved in and I hope we will hear some great reports on these events at the July meeting.

I must thank Don for stepping up at the last meeting to be the assistant secretary whilst Neville was absent. It's always rewarding to see club members stepping up when needed to keep the club running smoothly.

Again, a gentle reminder as we head towards the Annual Meeting, I would like to encourage any members who are interested in taking up a position on the executive committee to reach out if you have questions. I have had a couple of the executive advise they will not renominate for executive roles next year so we welcome any interest from members looking to become more involved with club operations.

I look forward to chatting with you all at our next meeting, until then stay safe and warm whilst enjoying your vehicles and remember to check the event list within the bulletin and join in the events you have time to attend.

Cheers, Colin

Treasurers Report : Dean Robertson presented his Treasurers report and moved that it be received. Seconded by Bruce Brody - carried

Membership : An application to join the WMHVS has been received from William Griffith

Reports : Federation :- Alan Jolley reported that Motoring Heritage Day was a success with a large number of Historic Vehicles 'out and about'. With the current move to more electric vehicles, it was pointed out that there were quite a few manufacturers offering electric vehicles in the early 1900's. Two new historic vehicle museums are to be opened in southern Queensland. Bendigo Swap is on target to be on again this year. However costs to operate at the Bendigo Showgrounds are a significant problem. (nearly 50k to hire the grounds and take out insurance this year). A point of discussion for the next Federation Meeting. Federation are still looking for volunteers to assist at the Swap.

Events :- Swap Meet. Following up on the need for a dedicated phone for the Swap Meet Director (which can be passed on to incoming Directors), we now have a phone. Dean Robertson has looked into domain names for our Swap Website. There are a number of options available, however Dean recommended that we purchase *horshamswapmeet.org.au*

General Club events appear each month in our Newsletter and members are urged to keep a close eye on these as they are continually updated

Clubrooms :- Little to report. The sign out front is still a 'work in progress'. Termite damage has been repaired with further termite checks to be carried out.

Regalia :- Sue Boddi reported she has plenty of stock on hand.

John Brack reported that a few members had taken advantage of autumn weather and taken a motorcycle ride to various places for morning coffee. The most recent a cruise up to Rainbow. Coming home John misjudged badly his fuel supply (after earlier losing a side panel from his BMW). Don Perry saved John a 20 plus km walk home, and to top the day, he found his lost panel.

**WIMMERA MALLEE HISTORICAL VEHICLE SOCIETY –
ANNUAL GENERAL MEETING – 2022
Held at WMHVS clubrooms – DOOEN - 14th JULY 2022**

Meeting Opened : 8.32pm

In attendance : As recorded at General Meeting No. 515

Apologies : As recorded at General Meeting No. 515

Minutes : It was moved by Mauro Boddi that the minutes of the previous Annual General Meeting be accepted as distributed to members. Seconded by Max Zbierski - carried

Secretaries Report : Secretary Neville Thomas reported that all Secretary correspondence had been tabled at General Meetings and he had nothing further to add.

Treasurers Report : Treasurer Dean Robertson presented a detailed report on our Clubs current financial situation. Alan Cannane moved that his report be received. Peter Anthony seconded the motion. - carried

Presidents Report : Outgoing President Neil Smith presented the following report :-

During my period as President there should have been three AGM's. I should have had two previous attempts to practise writing an annual Presidents' report.

Due to three years of Covid pandemic, this is our first real AGM in three years, and it will be my first and last annual report. We'll see how it goes. There won't be another to refine what I have done.

Club functions disappeared with lockdowns as we all hunkered down and locked up in an attempt to reduce the spread of the virus. Despite this, our membership remains strong with 180 members and we support club permits for over 400 vehicles. The permit scheme contributes to this strength, but we do have several members without permit vehicles who just enjoy belonging to a club.

Our home base at Dooen is working well. We have a good working relationship with the Hall Committee of Management. They are happy to have us on board helping to improve the hall and contributing to its upkeep. The win for us is that the arrangement gives us a very economical home base.

We have used some of our money and some grant money to develop the hall. Projects completed in the last few years include the carpeting of the building and foyer. Solar panel and a battery came from DELWP which has the potential to slash our power bills. We have new external doors all round and a new fridge in the kitchen.

A sincere thank you to retiring office bearers and to their replacements for stepping up to take a turn at contributing to the running of our club.

During lockdowns the thing that went missing was contact with others, the disappearance of our social networks. People contact is essential – it becomes a lonely life without. People develop social networks, through sports clubs, service clubs, Mens Sheds etc, and I feel this is important.

Social activity is one of the valuable offerings of our club. Vehicles may be mentioned, but value lies in the community of our club. We may have cars where you must start the engine running backwards to get a reverse gear, through to Rolls Royces, Ferraris and Model T Fords, but human contact is most important. My wife just tolerates my car habit, but happily comes along to club events because she knows there will always be great people there to mix with and have an enjoyable time. After a general meeting as it gets late, I have been known to turn a light off to give members a hint that its time to go home as they settle into serious socialising after supper. This is a terrific strength of our club and is to be nurtured.

I'll close by wishing the new executive all the best with their involvement with our club.
