Dear Members,

I would like to thank those members who attended the weekend away in Shepparton. I know I had a great time and the fellowship amongst those who attend was fantastic and the selection of venues to dine and view was great. Thanks for making the weekend such an enjoyable time.

Please read the article that is in the Manifold about a motion our club moved back in 2015, and this will be part of our club going forward.

Our election is coming up in August and so far, we are still looking for a President as I will not be going on for another year. I have just been voted in as the President of the Swan Hill Bowls Club.

The club need to move forward and allow some new members to step up rather than have the same old members running the club. The committee have been there for 9 years and need a change. All position will be declared open on the night and please think head and put your hand up for a position. The club is run by a great committee and please realise that the committee who suggested to our members what the club should look at in the future, so you are part of a team so join this team and help the club move forward.

Keep a look out in the Manifold for the next events. Bethunes Dairy, Progressive Dinner, Presidents Day and Christmas Party keep the dates in your diary and enjoy some fellowship and get your vehicles out of your shed and burn some oil or rub.

Thanks
President Dave

Dear Members

As The president of this club, I have referred many members who have contact me and mention their vehicles are not vintage but classic with minor modifications, I have suggested they are not suitable for our club and have referred them to the Mallee Cruisers. These people who had enquires of joining our club love their vehicles and have pride just like we do of our vehicles and we need to allow these members to join and who knows they could become a President etc.

I know the President at the time the President at the time didn't want my bus to go on club plates but was fortunate to have a roadworthy before VicRoads made the rule for all vehicles had to be roadworthy to have club plates and had everything required to have it roadworthy and was passed by the scrutineer at the time and since then have been Secretary, Manifold editor, on 2 rally committees and President just shows what members we reject could be and asset to our club.

I would like to bring this to your attention. Our club approved to have Modified Plates vehicles within our club. At our last committee meeting I was asked to provide the following document for your attention.

As we are a Vintage and Classic car club, we will not attract new members to our club, yet it was approved by our members to have these vehicles within our club. A committee prepared some rules which also went to members and were voted to adopt.

As we are now getting close to our next election the committee would like the scrutineers that are elected for 2025/2026 to abide by the rules voted by our club. The club voted this in at our meeting and we should abide by the decision of our members in the future other wise we no need to move motions with in our clubs as motions need to be abided by.

Below is the following information that was in our minutes, and I have prepared this document and at our next meeting you have the right to view the minute books or past manifolds to prove they are true and correct.

23/03/2015

"M" Plates John (Goddard) has had discussion with Federation on this subject, and he shared his discussion with members, also Peter Ninnis, Debbie Green, Alan Bail (Dec) Daryl Pendlebury and Phil Segat discussed their opinions on the implementation of the "M" Plate system. John handed the meeting over to Alan Bail and Daryl Pendlebury for a secret ballot form the members. Result Yes 53 No 27 total votes counted 80. The committee will attend to the implementation of "m" Plate system with VicRoads.

Modifieds Vehicle Criteria - FOR DISCUSSION AT OCTOBER MEETING

Club members have voted on and accepted modified Vehicles into the Club. Some vehicles already in our club on historic permit will now be able to transfer to "M" permit and be used legally with our Club, Proposed guidelines have been circulated within the Club with minimal dispute arising.

In 2011 Daryl Pendlebury made a motion for the AGM with the following summary. The vehicle owner to prove suitability via sales, trade or service literature and or contemporary motoring press of any disputed modifications, final decision on acceptability will be made by Committee, Permit Officers and/or Subcommittee formed to deal with modified vehicles following are guidelines for modifications acceptable to our Club. The emphasis is on Classic Street machines - NOT HOTRODS.

Also, these vehicles must be proven Roadworthy by R.W.C and VASS if applicable, any factory options are acceptable, in some sections I have included examples for clarification.

Modified Criteria this was prepared by Ralph Arlt also in the Minutes of the 28/9/2015

Motor Cycle Report

Sunday morning was 1 deg as I headed for the Speewa Breakfast ,Was BLOODY !!! cold . I'm glad it was only 16km and not 60km. But Dad's old Norton was Taking it in it's stride, I thought I would be first there but Mick Ashdown was already there on his 900 Kawasaki and Gibbo had the fire drun going.(which was really nice after a cool ride). After about an hour we had 18 bikes & 3 cars.

After we served up 25 meals we headed off over the Ferry and the Nyah bridge and across to Nyah West to Gordon Borchards Museum. His Museum was very well presented with a good collection of local history, well worth the visit for anyone wanting a short trip. A few of us went over to the local hotel for a couple of frothies & headed off home. All up it was a great day out after a cool start.

The next breakfast will be at the Lake Boga Café. Just get yourself there, no ride organised ,bur will think of something over breakfast.

You don't stop riding when you get old

PERMIT RENEWALS

There are only two ways to have your Club Permits renewed.

Bring your Club Permit renewal and your completed safety check sheet to the monthly meeting. Hand it into the permit officer who will sign and stamp it to have ready to collect at the end of the meeting. Mail your Club Permit renewal along with your signed and completed safety check sheet. Please ensure that you include a stamped self-addressed envelope so that the renewal can be returned to you straight away. **DO NOT SEND** your Club Permit book or money. Payments are to be made by the owner at Vic Roads

The mailing address is: Permit Scheme Officer
Swan Hill Vintage & Classic Vehicle Club
PO Box 133
Swan Hill, Victoria, 3585.

Always ensure that there is a completed safety check form for each renewal. These forms are available on our website under members section, www.shvcvc.com.au or in our Manifold. The club's Post Office box is cleared every day, and the renewals are returned in the post the next day.

Remember that if your renewal is overdue Vic Roads will not re-register your vehicle and you will have to complete a roadworthy to re-register your vehicle. So when you get your renewal get it proceeded straight away and then you have it ready to pay the renewal when its due.

Club Fee's - Joining Fee \$100 Yearly \$60 Family \$30 Single.
