Club Run to Loch

President's Report

Welcome everybody. The end of the year is fast coming on and the busy season is nearly here. As such we have our club Christmas do on Saturday 28 November. It will be similar to last year with pizzas and sweets. More details are available on page 4.

We also have the Federation Picnic we are hosting on Sunday 25 October and I encourage as many of you to attend as possible. We will have a small working bee on the 24th to get ready and then the picnic on the 25th. This will be a chance to show off our newly renovated meeting room with the ceiling on and the doors now fitted in the gap, which brings us to another thing.

The committee at present are exploring the costs associated with fitting a reverse cycle aircon unit to the meeting room to provide heat and cooling. We cannot use our patio heaters due to the enclosed space.

We are also getting silage cut off the grounds, so at this time we do not need to cut the grass. Many thanks to those who have put their names down in the mowing roster.

Lastly our mower and tractor are now registered with club plates to give us insurance cover. Thanks to Rob for sorting that out.

President Ross

Vale Terry Lowater

It is with sadness that we inform members of the passing of Terry Lowater on 20 September 2026, following long-term illness. Terry had been a member of the club for many years and will be missed by those who knew him.

For members wishing to pay their respects, a funeral service will be held for Terry on Friday 2 October at 11am at the Latrobe Valley Funeral Home, Ollerton Avenue, Moe.

Our thoughts are with his wife, Diane, and his family during this time.

Darnum Heritage Display

Plans are flowing well for the 2027 Darnum Heritage Display, with the committee now having most services booked in.

Flyers advertising the event are expected to be printed within the next month, and we will then be inviting everyone to distribute copies.

Barrels wanted for recycling

We are in need of eight plastic barrels (in any colour) to use for collecting recycling at the Heritage Display. If you have any to spare, they can be left at the club shed.

Important Notice for Wheelbarrow Raffle

With February getting closer and Christmas in between, the team is busy getting the contents of the wheelbarrow raffle ready for the Heritage Display in February. We would appreciate if every member could donate one item, then it would make the raffle a great prize with all proceeds going towards the two clubs, Trafalgar Truck Restorers Club and Baw Baw Old Engine & Auto Club. These will be used to improve the meeting room, shed and grounds. These improvements benefit everyone. Currently the wheelbarrow is empty.

Last year the profit was the best yet and we would like to be able to beat this amount this next year. With the support of the members this is possible. Thank you to everyone who assisted last year with a donation.

AOMC August Delegates Meeting Report

Saturday 22 August - Maffra Community Sports Club

The August 2026 AOMC Delegates Meeting was attended by representatives from **50 clubs** and covered a range of issues affecting Victorian historic and enthusiast motoring.

- **Strong financial position:** AOMC reported approximately **\$352,000 cash at bank**, with finances considered strong and sufficient to support ongoing programs, including MembershipPLUS Insurance.
- **Club Plate Scheme:** VicRoads remains committed to the scheme and is investigating ways to **reduce administration and paperwork**, including a possible digital logbook. Stakeholders including the AOMC will be consulted before changes are implemented.
- **VicRoads relationship:** The retirement of John Lewis, a long-standing VicRoads contact was acknowledged, with an expectation that AOMC will continue its constructive relationship with VicRoads following the appointment of a replacement.
- **Copyright and AI:** AOMC is planning an **October seminar on copyright**, including the increasing risks associated with AI, use of material from websites/social media, newsletters, spam and hacking. Clubs are encouraged to send an executive member and newsletter editor.
- **Government revenue and road conditions:** Discussion papers are being developed on the impact of the transition to **hybrid and electric vehicles on government revenue**, particularly fuel excise, and on deteriorating road conditions and their impact on historic vehicles, wheels and tyres.
- **Club insurance:** MembershipPLUS renewals have been received by participating clubs with **no premium increases**. AOMC continues to emphasise good risk management, record keeping and sound club administration.
- **Vehicle research and registration:** The AOMC engine-number/vehicle-history team is handling around **12 enquiries per month**, with approximately a **75% success rate** in locating supporting historical registration evidence. Clubs are encouraged to promote this service.
- **Events:** The Club & Trade Expo has been **postponed due to insufficient registrations**, with AOMC intending to investigate the reasons for the lack of interest. The 2027 Festival of Motoring and British & European Motoring Event are proceeding – see dates table, with the former having raised approximately **\$60,000 for 2 charities over its last four events**.
- **Future events:** Planning is underway for the **2027 American Show**, with a weather-protected venue being sought. A regional delegates' meeting will also be held in 2027, with **Ballarat proposed as the location**.
- **Ex-military/armoured vehicles:** Concerns were raised about the possibility of Victoria following NSW in restricting ex-military armoured vehicles. AOMC will raise the issue at the **AHMF meeting in September**.
- **Club Plate compliance.** AOMC reinforced the importance of proper compliance and documentation.
- **Apprentice grants:** Applications for the **2026 Apprentice and Business support grants** are now open, and clubs are encouraged to promote the opportunity.
- **Industry changes:** The impending retirement of the editor of *Restored Cars Magazine* at the end of 2026, and the consequent cessation of the magazine, was noted. The decline in specialist **chrome-plating services** was also raised as a concern for restorers.
- **50th Anniversary:** Delegates were encouraged to circulate the AOMC's 50th anniversary booklet within their clubs, highlighting the organisation's longstanding contribution to Victorian motoring enthusiasts and its advocacy with government agencies.

Overall message: The AOMC remains in a strong financial and organisational position, with a continued focus on protecting and improving the Club Plate Scheme, supporting member clubs, advocating on emerging motoring issues, and adapting to significant changes affecting the historic vehicle movement.

Key dates for your Club Calendar

Date	Event
October 2026	AOMC Copyright & Marketing seminar — details to follow
16 November 2026	AOMC Delegates Meeting and Annual General Meeting – AHOC/JCCV Clubrooms Springvale

PAST EVENTS

Annual Father's Day Car & Bike Show at Old Gippsstown

Sunday 6 September

On Sunday 6 September Jim and myself attended the Old Gippsland Father's Day car show to display our engines.

We arrived around 8am in the midst of an intake of show cars, of which continued to roll in steadily, estimating 60+ cars. The weather was overcast but it did not deter the crowd as there was a huge turnout.

We spoke to management later and they were more than happy with the attendance and thanked us for attending.

I was a little in awe as to the amount of time and dollars spent on some vehicles.

In all a pleasant day was had even though by 1pm not a lot of vehicles were left.

Jesse Smithett

UFO Morning at the Shed

Tuesday 22 September

Thank you to all of those who joined the UFO morning at the shed in September. The next day is scheduled for Tuesday 27 October. Everyone is welcome.

PAST EVENTS

Club Run to Loch

Sunday 13 September

The September club run was held in fantastic weather with approximately ten cars participating.

We wound our way from the club shed down to Loch where we had a tour of Adam and family's new shed, where he had been restoring the club thresher which we donated to him. The woodwork and standard of finish is amazing after the short time he has had it, with original scroll work still evident on the sides. A fantastic job has been done. We were entertained by his daughter Ella zooming around on her bike and hopping in and out of the cars in his shed.

We then went to Loch for a picnic lunch, and then back to the Tylee's for afternoon tea. A great day.

President Ross

Installation of meeting room ceiling

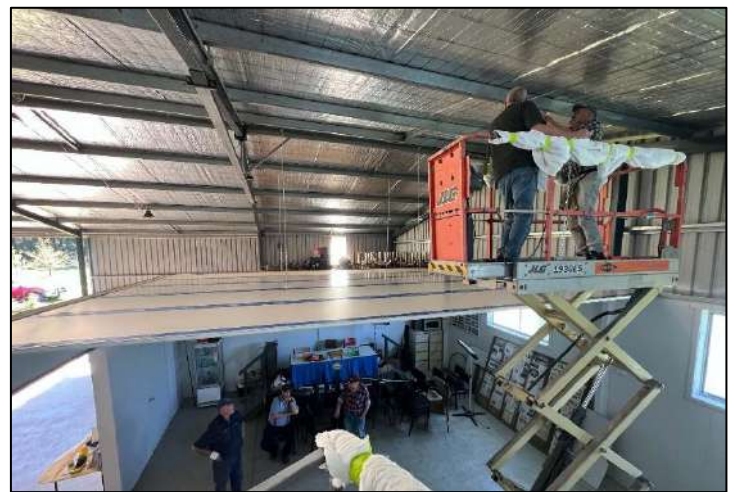

Saturday 19 September

We had a very successful working bee to erect the ceiling in the meeting room on Saturday 19 September.

We could not have done this without the preparation by Jessie and the two scissor lifts and forklift supplied by Vyn. The erection went very smoothly with a small but purposeful amount of members in attendance.

President Ross

Photos by Rob Tylee and Ross Watson

History of Rokeby Pump Station

This month we take a look back at progress on repairs of the pumping station pump.

Cars and bikes in Gembrook

With the spring weather warming up, many vehicle owners are taking the opportunity to get out on the road again after winter hibernation.

Geoff Little encountered a number of cars and bikes in Gembrook while recently out for a Saturday lunch.

FOR SALE AND WANTED

Advertising of items for sale or wanted can be placed for free by members. Advertisements will run for three (3) consecutive issues unless the editor is notified that the item has been sold or is requested to continue the advert. Please forward details and photos to the editor,

either by email (editor@bawbawvintage.com) or in person to any committee member. A price and registration number (or VIN/chassis number) must be provided for all vehicles.

Wanted

Old flat doors

Old flat doors to make a mini golf attraction for use by children at the Heritage Display. See photo for an example.

Please contact Jesse Smithett on 0408 513 844.

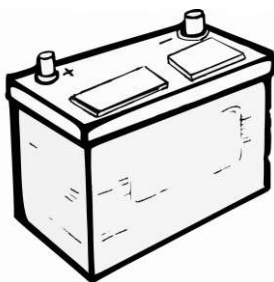

Old Car Batteries

The club collects old car batteries as a means of fundraising via scrap metal.

If you have any old batteries, we would appreciate your donation.

Batteries can be left at Rod Boreham's for collection (1 Robin Hood Way Drouin, on pallet at the road side of shed). This is the preferred location, but they can alternatively be left at the club shed.

Are you interested in joining Baw Baw Old Engine & Auto Club?

We invite you to contact us or come along to a club meeting or event and introduce yourself.

Our Shared Commitment

Being part of our club means being part of a community. To help keep the club active, connected and vibrant, we encourage all members to:

- Attend at least one meeting each year** to stay informed, connected and have a say in club matters.
- Take part in at least one club event each year**, helping build camaraderie and shared enjoyment of our vehicles and engines.

With every member contributing in these small ways, we can help ensure the club remains strong and continues to grow.

Club Permit Scheme

New Vehicles

For information on entering a new vehicle on the Club Permit Scheme, please refer to our club website or speak with our Safety Scrutineers for more details.

Safety Scrutineers:

Ross Watson 0407 860 248

Wayne Henry 0409 252 258

Date stamped photos will be required for club records, including front, rear, driving position (side on, door open), passenger side, driver side, body and engine number stampings and plates.

Permit Renewal

Permit registration renewals are to be signed by club signatories at club meetings only. Please do not approach them at their workplace or home, except in a pre-arranged emergency situation.

Club Signatories:

Ross Watson and Rod Boreham

(club meetings only)

Club permit holders must always remain financial members of the club, with yearly membership fees received no later than June 30.
